PAIN & ADDICTION MANAGEMENT

JULY 29-30, 2013 | ST. LOUIS, MO

STATEMENT OF NEED

This comprehensive course is planned as a CME activity to prepare for competency in Pain & Addiction Management in Interventional Pain Management and other medical specialties.

This course will provide in-depth evaluation of the knowledge of the participants with extensive review of subject(s).

As part of this comprehensive, in-depth, intense two-day review course, ASIPP will provide participants with online access to faculty handouts.

EDUCATIONAL OBJECTIVES/TARGET AUDIENCE

This course is intended to present interventional pain management specialists, nurses, and other healthcare providers an in-depth review of multiple areas of pain and addiction management.

EDUCATIONAL OBJECTIVES FOR PAIN & ADDICTION MANAGEMENT:

- Review basic science and core concepts
- Discuss pharmacology
- Identify clinical use and effectiveness
- Identify substance abuse
- Discuss topics with documentation, regulatory issues, legal issues, and ethical issues

OUTCOME

Participants in the Pain & Addiction Management course should be able to apply the fundamental concepts of managing controlled substances in your practice, from pharmacology and the clinical uses to identifying abuse and the legal aspects of prescribing, for better outcomes and reduced side effects.

AMERICANS WITH DISABILITIES ACT AND SPECIAL SERVICES

Organizers fully comply with the legal requirements of the Americans with Disabilities Act and the rules and regulations thereof. If any participant in this educational activity is in need of accommodations, please contact the organizers at (270) 554-9412 at least 10 days prior to the conference.

ACCREDITATION STATEMENT

This CME activity has been planned and implemented in accordance with the Essential Areas and Policies of the Accreditation Council for Continuing Medical Education thru the Joint Sponsorship of the Institute for Medical Studies (IMS) and the American Society of Interventional Pain Physicians. The Institute for Medical Studies is accredited by the ACCME to provide continuing medical education for physicians.

CATEGORY I CREDIT

The Institute for Medical Studies designates this live activity for a maximum of 15.75 *AMA PRA Category 1 Credits*™. Physicians should only claim credit commensurate with the extent of their participation in the activity.

RN, NP AND PA CREDIT

Nurses may claim credit for activities approved for *AMA PRA Category 1 Credits*™ in most states, for up to 15.75 *AMA PRA Category 1 Credits*™

Nurse Practitioners: The American Academy of Nurse Practitioners (AANP) accepts 15.75 *AMA PRA Category 1 Credits*™ from organizations accredited by the ACCME. IMS is accredited to provide continuing medical education for physicians and will provide nurse practitioners who successfully complete each activity with a certificate of participation indicating that the activity was designated for *the category credits listed above*.

The American Academy of Physician Assistants (AAPA) accepts *AMA PRA Category 1 Credits*™ from organizations accredited by the ACCME. The provider of this program, the Institute for Medical Studies, is accredited by the ACCME and designates this live activity for a maximum of 15.75 *AMA PRA Category 1 Credits*™. Physician assistants should only claim credit commensurate with the extent of their participation in the activity.

There is no commercial support for this course.

No duplication or distribution of materials, or recording of lectures associated. There is NO commercial support for this course.

FROM THE COURSE DIRECTORS

On behalf of the Board of Directors of the American Society of Interventional Pain Physicians (ASIPP), I would like to invite you to one of the most comprehensive, innovative, and useful educational conferences available anywhere. The ASIPP Comprehensive Pain Medicine and Interventional Pain Management 'Pain & Addiction Management' will be held in St. Louis, MO, July 29-30, 2013.

This innovative course embraces the pain and addiction issue. It is a "must attend" training event for interventional pain physicians and other medical specialties. This course is a natural spin off to the controlled substance management course but the emphasis is going to be on multispecialty. We look at this as an opportunity to bring in other specialties, and primary care, because the controlled substance management epidemic is one we all are accountable for

Hans C. Hansen, MD
 President, ASIPP

Sanford Silverman, MD
 President, FSIPP

The foundation of this intensive pain and addiction course is not only pain, but we address addiction as well. The course is designed to present interventional pain management specialists and other health care providers an in-depth review of multiple areas of pain and addiction management—the areas we were never taught, yet are crucial for our patient care. The course features nationally recognized experts in pain and addiction management. In today's environment of regulations and litigations, you can't afford not to broaden your knowledge and skills in these areas.

We hope you will join us in St. Louis, for this innovative, multi-specialty educational event. Whether you have practiced pain medicine or another specialty for years, if you are new to pain and addiction management, or if you are in training—the ever-growing field of pain and addiction management, and rules and regulations associated with this field makes this an essential course for you.
