Comprehensive Pain Medicine and Interventional Pain Management 2010 Board Review Course

On behalf of the Board of Directors of the American Society of Interventional Pain Physicians (ASIPP), I would like to invite you to one of the most comprehensive and useful educational conferences available anywhere. The ASIPP 7th Annual Comprehensive Board Review Course in pain medicine and interventional pain management will be held at the **Renaissance Chicago Hotel**, Chicago, Illinois, during the week of August 9-14, 2010.

The review courses and exams in Controlled Substance Management and Coding, Compliance and Practice Management will be held concurrently at the same venue. **Please note that you can only register for the Board Review Course OR the Controlled Substance Management and Coding, Compliance and Practice Management Review Course (not both).**

Since we began offering the Board Review course in 2003, it has become recognized as a "must attend" training event for interventional pain physicians and physicians entering interventional pain medicine, pain management or in-training and physicians appearing for board examinations by various boards.

This intensive and comprehensive high-quality review will prepare physicians appearing for the American Board of Medical Specialties (ABMS)—Subspecialty Pain Medicine examination and for the American Board of Interventional Pain Physicians (ABIPP)—Part 1 examination. Remember, some of these areas are not even taught in medical school and training programs. In a dynamic world, with daily changing rules and regulations, it is essential to keep yourself updated.

- A five-day review covering anatomy, physiology, pharmacology, psychology, ethics, interventional techniques, non-interventional techniques, controlled substances and practice management
- 42 unique lectures by experts in the field
- Participants can earn up to 42.5 AMA PRA Category 1 Credits
- Providing extensive educational materials with a large syllabus, a question bank with over 2,000 questions, and a CD-ROM
- Extensive evaluation sessions with daily pre-test, post-test, and review questions

In addition to the review course, on Saturday, August 14, the American Board of Interventional Pain Physicians offers the opportunity for examination in order for physicians to complete requirements for ABIPP Part 1.

We hope you will join us in exciting Chicago, Illinois, for this once-a-year educational event. Whether you have practiced pain medicine or interventional pain management for years, if you are new to the discipline, or if you are in training—the ever-changing field of medicine, practice management, and rules and regulations associated with these specialties makes this an essential course for you.

Sincerely,

Laxmaiah Manchikanti, MD
Chief Executive Officer and Chairman of the Board, ASIPP

Comprehensive Pain Medicine and Interventional Pain Management 2010 Board Review Course

Statement of Need

This five-day intensive Review Course in IPM is planned as a CME activity to prepare physicians seeking board certification, re-certification, or an in-depth review of the specialty of interventional pain medicine. This review course will be based on the specifications of subspecialty in pain medicine examination of The American Board of Anesthesiology, Physical Medicine and Rehabilitation, and Neurology and Psychiatry. This review course will meet 90% curriculum of ABIPP Part 1.

This course will provide an in-depth evaluation of the knowledge of the participating physicians with extensive pre-course and post-course Board Review examinations, daily pre- and post-tests, and review of the questions daily.

As part of this comprehensive, in-depth, intense five-day review course in IPM, we will provide you with the following:

1. Syllabus with outlines of the lectures and accompanying questions, distributed at the meeting.
2. Daily Pre and Post Exams.
3. Daily exam results provided on-site for an optimum review experience.

Registration fees include all sessions, continental breakfasts, coffee breaks, syllabus, a CD-ROM, questionnaires, answer sheets, and results. Registration will be on a first come, first serve basis. Organizers reserve the right to alter the schedule based on the number of attendees and speakers, etc.

Features

The 7th Annual Comprehensive Interventional Pain Management Board Review Course includes five full days with an expanded curriculum designed to prepare physicians for the ABIPP Part 1 Certification Exam and ABMS Pain Medicine Certification or Re-certification. The Review Course also provides a comprehensive review of interventional pain management for practitioners and fellows.

- Comprehensive Review of ABMS Pain Medicine Curriculum
- Comprehensive Review of ABIPP Part 1
- Detailed Syllabus and CD-ROM
- Extensive Question Bank and CD-ROM
- Daily Pre- and Post- Practice Tests
- Review of Questions

Americans with Disabilities Act & Special Services

Organizers fully comply with the legal requirements of the Americans with Disabilities Act and the rules and regulations thereof. If any participant in this educational activity is in need of accommodations, please contact the organizers at (270) 554-9412 at least 10 days prior to the conference.

There is no commercial support for this activity.

Audience/Objective/Outcomes

This comprehensive Review Course is intended to present pain management specialists seeking board certification, re-certification, or an in-depth review of the specialty with an overview of the anatomy, physiology, diagnosis, and treatment of a wide range of painful disorders, in order for participants to pass certification or re-certification and obtain in-depth review; and therefore be able to provide improved interventional management, controlled substance management, and practice management.

Accreditation Statement

This activity has been planned and implemented in accordance with the Essential Areas and Policies of the Accreditation Council for Continuing Medical Education (ACCME) through the joint sponsorship of the Institute for Medical Studies and the American Society of Interventional Pain Physicians. The Institute for Medical Studies is accredited by the ACCME to provide continuing medical education for physicians.

Category I Credit

The Institute for Medical Studies designates this educational activity for a maximum of 42.5 *AMA PRA Category 1 Credits*[™]. Physicians should only claim credit commensurate with the extent of their participation in the activity. These hours include the Comprehensive Board Review Course ONLY.

Accommodations

Renaissance Chicago Hotel
1 West Wacker Drive
Chicago, IL 60601
Phone: (312) 372-7200

Day 1 – Monday August 9, 2010

7:00am–8:00am	REGISTRATION & CONTINENTAL BREAKFAST	
8:00am–8:45am	Introduction	Laxmaiah Manchikanti, MD
8:45am–10:30am	PRETEST & BREAK	
10:30am–11:15am	Interventional Pain Management in the New Era of Evidence-Based Medicine and Comparative Effectiveness Research <i>A general overview of evidence-based medicine, comparative effectiveness and its application in interventional pain management.</i>	Laxmaiah Manchikanti, MD
11:15am–12:00pm	Neuroanatomy, Electrophysiology and Pathophysiology of Pain Pathways <i>Description of neuroanatomy, electrophysiology, and pathophysiology of various pain pathways.</i>	Timothy R. Lubenow, MD
12:00pm–1:00pm	LUNCH (<i>on your own</i>)	
1:00pm–1:45pm	Pain Mechanisms, Pathophysiology and Measurement <i>Description of pain mechanisms, pathophysiology of various types of pain, and multiple measurement techniques and their relevance in pain medicine and interventional pain management</i>	Andrea M. Trescot, MD
1:45pm–2:30pm	Psychology of Pain; Psychogenic Pain <i>Psychological aspects of pain and relevance to management of chronic pain along with discussion of simple techniques of diagnosis, psychogenic pain, and brief description of psychological techniques</i>	Jeffrey Janata, PhD
2:30pm–3:15pm	Anatomy of Head, Neck and Thorax, and Nerve Blocks <i>Description of anatomy of the head and neck (non-spinal) along with procedural descriptions of various nerve blocks and their roles in pain medicine and interventional pain management. Description only includes non-spinal interventions of the neck. (Trigeminal nerve blocks, stellate ganglion blocks, occipital nerve blocks, intercostal nerve blocks, thoracic sympathetic blocks, splanchnic nerve blocks)</i>	Miles R. Day, MD
3:15pm–3:45pm	BREAK	
3:45pm–4:30pm	Anatomy of Abdomen, Pelvis and Retro-peritoneal Structures, and Nerve Blocks: <i>Description of anatomy of abdomen, pelvis, retroperitoneal structures, and nerve blocks. The description is limited to non-spinal nerve blocks and their applications in pain medicine and interventional pain management. (Lumbar sympathetic blocks, hypogastric plexus blocks, celiac plexus blocks)</i>	Miles R. Day, MD
4:30pm–5:15pm	Psychiatric Evaluation and Psychotherapeutic Modalities: <i>Discussion of psychological evaluation process, definition and description of psychometric testing, psychological consequences of pain and interventions.</i>	Jeffrey Janata, PhD
5:15pm–6:00pm	Review of Questions	All Faculty

Day 2 – Tuesday August 10, 2010

7:00am–8:00am	REGISTRATION & CONTINENTAL BREAKFAST / PRETEST	
8:00am–8:45am	Anatomy of Upper and Lower Extremities and Nerve Blocks: <i>Description of relevant anatomy of upper and lower extremities, technical aspects of nerve blocks, and complications.</i>	Miles R. Day, MD
8:45am–9:30am	Controlled Substances: Regulatory Issues and Documentation <i>Various regulatory issues including Controlled Substances Act, DEA, Federal and State statutes. The description of these acts and various regulations and their relationship to medical practice and prescription activity</i>	Kevin Powers, JD Demetra Ashley
9:30am–10:15am	Opioid Pharmacology <i>An overview of opioid pharmacology with classification, description, chemical formulation, pharmacokinetics, clinical activity, drug interactions, and complications</i>	Robert L. Barkins, MBA, PharmD
10:15am–10:45am	BREAK	
10:45am–11:30am	Pharmacology of Psychotherapeutic and Adjuvant Drugs in Pain Management <i>Descriptions of pharmacology, drug interactions and complications and relevance to interventional pain management of various psychotherapeutic adjuvant drugs. These drugs include psychotics, sedatives, hypnotics and psychotherapeutic drugs. Adjuvant drugs include anti-epileptics and various other drugs excluding steroids, opioids and non-steroidal anti-inflammatory drugs</i>	Sanford Silverman, MD
11:30am–12:15pm	Pharmacology of NSAIDS - Autonomic and Cardiovascular Drugs <i>Descriptions of various types of non-steroidal anti-inflammatory agents, complications of therapy, monitoring and relevance to pain medicine and interventional pain management.</i>	Andrea M. Trescot, MD
12:15pm–1:15pm	LUNCH (on your own)	
1:15pm–2:15pm	Ethics in Interventional Pain Management <i>Description of ethics issues in interventional pain management with focus on concepts, theories and practice</i>	Ian Coulter, PhD
2:15pm–2:45pm	BREAK	
2:45pm–3:30pm	Rehabilitation Techniques <i>Definition and description of physical therapy and various rehabilitation techniques. History and definition of disability. Basic concepts of impairment and disability along with description of impairment and evaluation</i>	Gerard A. Malanga, MD
3:30pm–4:15pm	Pharmacology of Local Anesthetics, Steroids, and Neurolytics <i>The descriptions include pharmacology of various types of local anesthetics, neurolytics and steroids with descriptions of complications and relevance to pain medicine and interventional pain management</i>	Andrea M. Trescot, MD
4:15pm–5:00pm	Impairment Evaluation <i>Definition and description of physical therapy and various rehabilitation techniques. History and definition of disability. Basic concepts of impairment and disability along with description of impairment and evaluation</i>	Gerard A. Malanga, MD
5:30pm–6:00pm	POST TEST	
6:00pm–7:00pm	Questions Review	All Faculty

Day 3 – Wednesday August 11, 2010

7:00am–8:00am	REGISTRATION & CONTINENTAL BREAKFAST / PRETEST	
8:00am–8:45am	Spinal Interventional Techniques: <i>Description of various spinal interventional techniques. Descriptions of relevant anatomy, techniques, and complications (Epidural injections, facet joint interventions, adhesiolysis, sacroiliac joint injections – all diagnostic and therapeutic nerve blocks)</i>	Ramsin M. Benyamin, MD
8:45am–9:30am	Neurophysiologic Testing <i>Description of importance of neurophysiologic testing, evidence-based medicine, technical and interpretative aspects of EMG and nerve conduction studies relevant to pain medicine and interventional pain management</i>	Arthur E. Jordan, MD
9:30am–10:15am	Anatomy of Spine and Structural Basis of Pain <i>Description of the role of structural basis related to spine relevant to interventional pain management. The descriptions will include anatomical features including pain distribution patterns, nerve supply, and mechanical aspects</i>	Ramsin M. Benyamin, MD
10:15am–10:45am	BREAK	
10:45am–11:30am	Pain of Malignancy and Cancer Related Pain <i>Discussion of cancer related pain. Focus on interventional pain management treatment in elevating symptom</i>	Paul J. Christo, MD
11:30am–12:15pm	Autonomic and Neuropathic Pain and Sympathetic Blocks <i>Description of pathophysiology of autonomic and neuropathic pain with description of various conditions in these categories and nerve block therapy</i>	Andrea M. Trescot, MD
12:15pm–1:15pm	LUNCH (on your own)	
1:15pm–2:00pm	Geriatric Pain Management: <i>Definition and discussion of geriatric medicine, the physiology of aging, and the treatment and modalities in geriatric pain management.</i>	Paul J. Christo, MD
2:00pm–2:45pm	Headache and Facial Pain <i>Description and physiology of various types of headaches along with the pharmacologic treatment options</i>	Timothy R. Lubenow, MD
2:45pm–3:30pm	BREAK	
3:30pm–4:15pm	Rheumatologic Disorders <i>Discussion of rheumatic diseases such as arthritis, Raynaud's disease, lupus, gout, fibromyalgia, etc. Focus on pain management</i>	Andrea M. Trescot, MD
4:15pm–5:00pm	Practical Neurology <i>Description of neurological examination with tips for non-neurologists. Description of neurological examination and relevance in pain medicine and interventional pain management. Description of avoidance of pitfalls</i>	Arthur E. Jordan, MD
5:00pm–5:30pm	POST TEST	
5:30pm–6:30pm	Question Review	All Faculty

Day 4 – Thursday August 12, 2010

7:00am–8:00am	REGISTRATION & CONTINENTAL BREAKFAST / PRETEST	
8:00am–8:45am	Electrostimulation <i>Background and definition of electrostimulation. Description of TENS, spinal cord stimulation, peripheral stimulation, deep brain stimulation, and discussion of their uses</i>	Ramsin M. Benyamin, MD
8:45am–9:30am	Practical Radiology <i>Description of various aspects of radiology of the spine focused on interpretation of various disc disorders by plain x-ray, CT, MRI, and bone scan and their relevance to pain medicine and interventional pain management.</i>	Arthur S. Watanabe, MD
9:30am–10:15am	Central Pain States <i>Discussion of the pain associated with lesions and the central nervous system. Focus on pain associated with post stroke, thalamic, spinal cord injury, spinal stenosis, MS, Parkinson's, etc.</i>	Ramsin M. Benyamin, MD
10:15am–10:45am	BREAK	
10:45am–11:30am	Radiologic Evaluation <i>Discussion and description of imaging modalities and evaluation of findings for interventional pain management</i>	Arthur S. Watanabe, MD
11:30am–12:15pm	Pediatric Pain <i>Discussion of various developmental issues. Descriptions and discussion of post-operative and acute pain control, including various types of headaches, disease, cancer and persistent and chronic pain</i>	Andrea M. Trescot, MD
12:15pm–1:15pm	LUNCH (on your own)	
1:15pm–2:00pm	Pain Management in Critically Ill Patients: <i>Description and assessment of analgesia. Discussion of various methods, opioid and sedative effects on vital organs.</i>	Andrea M. Trescot, MD
2:00pm–2:45pm	Physical Therapy Modalities: <i>Discussion and description of physical therapy methods for interventional pain management</i>	Ashraf Abdelhamid PT, MS, OCS
2:45pm–3:30pm	Pain Management in Pregnancy and Nursing: <i>Description of the various types of chronic pain in pregnancy. Discussion of the treatment options and challenges.</i>	Andrea M. Trescot, MD
3:30pm–4:00pm	BREAK	
4:00pm–4:30pm	POST TEST	
4:30pm–5:00pm	Question Review	All Faculty

Day 5 – Friday August 13, 2010

7:00am–8:45am	REGISTRATION & CONTINENTAL BREAKFAST / POST TEST	
8:45am–9:30am	Fraud, Abuse and Compliance: <i>Introduction, prevalence, laws, and regulations pertaining to fraud and abuse in IPM</i>	Bart Walker, JD and Julie Ann Sullivan, JD
9:30am–10:45am	Documentation in Interventional Pain Management: <i>Various documentation, billing and coding requirements for interventional techniques with examples in various settings of practice.</i>	Joanne Mehmert, CPC
10:45am–11:00am	BREAK	
11:00am–12:15pm	OIG Compliance:	Mark Rust, JD
12:15pm–1:00pm	Liability, Informed Consent, and Risk Management: <i>Medical liability for interventional pain physicians. Liability issues include malpractice, controlled substances, tort, consent, and defense.</i>	Neil B. Posner, JD
1:00pm–1:45pm	Review of Questions	All Faculty
1:45pm	ADJOURN	

Registration Form for Review Course

Since the courses are held concurrently, please note that you can only register for the Board Review Course **OR** the Controlled Substance Management and Coding, Compliance and Practice Management Review Course, **not both**.

YOU MUST REGISTER SEPARATELY FOR THE ABIPP EXAMINATION

Please print exactly as you wish your name to appear:

3. **Mail:** Mail this registration form with payment— check or Visa/MasterCard/Discover/American Express information—to: **ASIPP, 81 Lakeview Drive, Paducah, KY 42001**

Exam – Saturday August 14, 2010

7:00am–8:00am	REGISTRATION & CONTINENTAL BREAKFAST
8:00am–8:15am	Test Instructions
8:15am–12:15pm	ABIPP Part 1 Examination

To apply for the ABIPP exam, you must submit a separate application!

ABIPP Part I Written Examination

The American Board of Interventional Pain Physicians offers, to interventional pain physicians who meet the requirements of ABIPP, the opportunity to take the Part I Written Examination following the Comprehensive IPM Review Course.

For information on Part I Written Examination, please review FAQs for Diplomate Examination and examination application at www.abipp.org

Nondiscrimination Policy

ABIPP does not discriminate against any person on the basis of age, gender, sexual orientation, race, religion, national origin, medical condition, physical disability, or marital status.

Applying to Take the Examination

You must complete the application for Examination as Diplomate and submit it to American Society of Interventional Pain Physicians for approval. The application can be found on the ABIPP Web site at www.abipp.org

It is very important that your application form be completed carefully and accurately. The information you provide in the application and any required accompanying documents will be used by ABIPP to determine your eligibility to sit for the examination.

For requirements and application, please visit www.abipp.org or contact the ASIPP office with any questions by calling 270.554.9412 or via e-mail at asipp@asipp.org

The fee to sit for examination is \$1,500. If you did not pass a previous sitting for this exam, and are retesting, the fee is \$200.

Examination Contents

Part 1–Theoretical Examination in Interventional Pain management is composed of the following areas:

Anatomy	5%	Physiology	5%
Pharmacology	10%	Psychology	5%
Assessment of Pain	5%	Diagnostic Testing	5%
Pain Syndromes	15%	Non-Interventional Techniques in Pain Medicine	10%
Rehabilitation	5%	Interventional Techniques	10%
Coding, Compliance, & Practice Management	10%	Controlled Substance Management	10%
Ethics	5%		

The deadline for registration is July 19, 2010, with late registrations being accepted with an additional fee. Because the space will be limited, early registration is advised.

* No Category 1 credits received for testing | * Only open to physicians with valid medical licenses and who have been approved to appear
