**Comprehensive Review Course in
Controlled Substance Management**
**Comprehensive Review Course in
Coding, Compliance, and Practice Management**

On behalf of the Board of Directors of the American Society of Interventional Pain Physicians (ASIPP), I would like to invite you to one of the most comprehensive and useful educational conferences available anywhere. The ASIPP Comprehensive Review Courses and Exams in Controlled Substance Management and Coding, Compliance and Practice Management will be held at the **Renaissance Chicago Hotel**, Chicago, Illinois, during the week of August 9-14, 2010.

The Comprehensive Review Course will be held concurrently at the same venue as the 7th Annual Comprehensive Board Review Course. **Please note that you can only register for the Board Review Course or the Controlled Substance Management and Coding, Compliance and Practice Management Review Course (not both).**

Since we began offering the Competency Review course in 2005, it has become recognized as a "must attend" training event for interventional pain physicians and physicians just entering interventional pain management or in-training and physicians appearing for board examinations by various boards. The Coding, Compliance and Practice Management is so beneficial to practices, both office-based and ASCs, that many physicians send their staff early to keep them current on the cutting edge aspects of practice management.

This intensive review course is designed to present interventional pain management specialists and other health care providers an in-depth review of multiple areas of interventional pain management—the areas we were never taught, yet are crucial for our survival. The course features many nationally recognized experts in pain management billing and coding and practice management as well as controlled substance management. In today's environment of regulations and litigations, you can't afford not to broaden your knowledge and refresh your skills in these areas.

In addition to the review course, the American Board of Interventional Pain Physicians (for physicians) and the American Association of Allied Pain Management Professionals (for non-physicians) offers the opportunity for examination in order for physicians to obtain competency certification to and non-physicians to obtain associate certificates in Controlled Substance Management and Coding, Compliance, and Practice Management.

We hope you will join us in exciting Chicago, for this once-a-year educational event. Whether you have practiced pain medicine or interventional pain management for years, if you are new to the discipline, or if you are in training—the ever-changing field of medicine, practice management, and rules and regulations associated with these specialties makes this an essential course for you.

Sincerely,

Laxmaiah Manchikanti, MD
Chief Executive Officer and Chairman of the Board, ASIPP

**Comprehensive Review Course in
Controlled Substance Management
Comprehensive Review Course in
Coding, Compliance, and Practice Management**

AUGUST 9-14, 2010

Statement of Need

This two day comprehensive review course is planned as a CME activity to prepare for competency certification or an in-depth review in areas of controlled substance management and coding, compliance, and practice management. This review course is based on the American Board of Interventional Pain Physicians' specifications for competency certification examinations.

This course will provide in-depth evaluation of the knowledge of the participants with extensive review of subject(s).

As part of this comprehensive, in-depth, intense two-day review course, ASIPP will provide participants with a syllabus with outlines of the lectures and accompanying questions.

Educational Objectives/Target Audience

This two-day comprehensive review course is intended to present interventional pain management specialists, nurses, and other healthcare providers an in-depth review of multiple areas of interventional pain management including controlled substance management.

Educational Objectives for Controlled Substance Management:

- Review basic science and core concepts
- Discuss pharmacology
- Identify clinical use and effectiveness
- Identify substance abuse
- Discuss topics with documentation, regulatory issues, legal issues, and ethical issues

Educational Objectives for Coding, Compliance, and Practice Management:

- Discuss documentation
- Review practice management topics
- Discuss coding and billing
- Examine compliance issues

Outcome

Physicians will learn to operate comprehensive interventional pain care centers more efficiently, so that patients will receive the best care available.

Americans with Disabilities Act And Special Services

Organizers fully comply with the legal requirements of the Americans with Disabilities Act and the rules and regulations thereof. If any participant in this educational activity is in need of accommodations, please contact the organizers at (270) 554-9412 at least 10 days prior to the conference.

There is no commercial support for this activity.

No duplication or distribution of materials, or recording of lectures associated with this conference is permitted without express written consent of the American Society of Interventional Pain Physicians. All rights reserved.

Accreditation Statement

This CME activity has been planned and implemented in accordance with the Essential Areas and Policies of the Accreditation Council for Continuing Medical Education through the Joint Sponsorship of the Institute for Medical Studies (IMS) and the American Society of Interventional Pain Physicians. The Institute for Medical Studies is accredited by the ACCME to provide continuing medical education for physicians.

Category I Credit

The Institute for Medical Studies designates this educational activity for a maximum of 33.25 *AMA PRA Category 1 Credits* for both courses. Physicians should only claim credit commensurate with the extent of their participation in the activity.

RN, NP and PA Credit

Nurses may claim credit for activities approved for *AMA PRA Category 1 Credits* in most states, for up to 50% of the nursing requirement for recertification. This activity is designated for up to 33.25 *AMA PRA Category 1 Credits*.

Nurse Practitioners: The American Academy of Nurse Practitioners (AANP) accepts 33.25 *AMA PRA Category 1 Credits* from organizations accredited by the ACCME. IMS is accredited to provide continuing medical education for physicians and will provide nurse practitioners who successfully complete each activity with a certificate of participation indicating that the activity was designated for 33.25 *AMA PRA Category 1 Credits*.

The American Academy of Physician Assistants (AAPA) accepts *AMA PRA Category 1 Credits* from organizations accredited by the ACCME. The provider of this program, the Institute for Medical Studies, is accredited by the ACCME and designates this educational activity for a maximum of 33.25 *AMA PRA Category 1 Credits*. Physician assistants should only claim credit commensurate with the extent of their participation in the activity.

Accommodations

Renaissance Chicago Hotel

1 West Wacker Drive • Chicago, IL 60601

Phone: 312.372.7200

Inform the agent that you are booking for American Society of Interventional Pain Physicians. We have secured a group room rate of \$194. Reserve rooms early— all unbooked rooms will be released July 19, 2010.

Controlled Substance Management Competency Exam

Exam – Wednesday August 11, 2010

CONTROLLED SUBSTANCE MANAGEMENT	
8:00am–8:45am	REGISTRATION & CONTINENTAL BREAKFAST
8:45am–9:00am	Test Instructions
9:00am–11:00am	EXAMINATION Competency Certification in Controlled Substance Management (CCCSM) or Associate Certification in Controlled Substance Management (ACCSM)

General Examination Information

American Board of Interventional Pain Physicians *presents* Competency Certification in Controlled Substance Management

Physician Applicant Criteria

An applicant must meet each of the following criteria in order to qualify to take the certification examination. Application will be reviewed to determine if the applicant qualifies for the examination. Submission of an application does not guarantee an applicant's acceptance to take the examination.

Participant must have:

- A valid license to practice medicine in the United States, or an international license for residents currently enrolled in the AC-GME approved residency program. *ABIPP does not consider a license to be valid if it has been suspended, revoked or surrendered.*
- Good standing in his/her medical community

Format

Each examination consists of 100 multiple choice questions.

American Association of Allied Interventional Pain Management Professionals *presents* Associate Certification in Controlled Substance Management

Format

Each examination consists of 100 multiple choice questions.

AMERICAN ASSOCIATION OF ALLIED
Interventional Pain
Management Professionals

Examination Composition

1. BASIC SCIENCE AND CORE CONCEPTS 10%

- Prevalence of chronic pain
- Physiology of chronic pain: Physical and psychological assessment
- Drug therapy in chronic pain

2. PHARMACOLOGY 25%

- General principles
- Pharmacology of opioids
- Pharmacology of benzodiazepines
- Pharmacology of muscle relaxants
- Pharmacology of marijuana
- Pharmacology of cocaine
- Pharmacology of amphetamines and other stimulants
- Pharmacology of NMDA antagonists
- Drug Interactions

3. OVERVIEW OF CLINICAL USE/EFFECTIVENESS 20%

- Prevalence of drug use
- Clinical effectiveness
 - Opioids

- Benzodiazepines and sedative/hypnotics
- Muscle relaxants
- Non-controlled substances
- Interventional techniques
- Psychological techniques

4. OVERVIEW OF ABUSE 25%

- Terminology of abuse and addictive disorders
- Prevalence
- Principles of evaluation and monitoring
- Managing abuse, withdrawal and addiction
- Issues of physician abuse
- Inappropriate prescribing

5. MISCELLANEOUS 20%

- Documentation
- Regulatory issues
- Legal issues
- Ethical issues
