

2 COURSES TO CHOOSE FROM

COMPREHENSIVE REVIEW COURSE AND CADAVER WORKSHOP

(BASIC, INTERMEDIATE, AND COMPREHENSIVE INTERVENTIONAL
PAIN MANAGEMENT EXAMINATION PREPARATION COURSE)

20.5 AMA PRA CATEGORY™1 CREDITS™

SEPTEMBER 14-16, 2012 | MEMPHIS, TENNESSEE

HOTEL & REVIEW COURSE LOCATION: HILTON MEMPHIS, 939 RIDGELAKE BLVD., MEMPHIS, TN 38120. (901) 684-6664

CADAVER WORKSHOP LOCATION: MEDICAL EDUCATION & RESEARCH INSTITUTE, 44 SOUTH CLEVELAND, MEMPHIS, TN 38104

VERTEBROPLASTY, KYPHOPLASTY, AND SACROPLASTY COMPREHENSIVE REVIEW COURSE AND CADAVER WORKSHOP FEATURING NEW AUGMENTATION DEVICES

12 AMA PRA CATEGORY™1 CREDITS™

SEPTEMBER 15-16, 2012 | MEMPHIS, TENNESSEE

HOTEL & REVIEW COURSE LOCATION: HILTON MEMPHIS, 939 RIDGELAKE BLVD., MEMPHIS, TN 38120. (901) 684-6664

CADAVER WORKSHOP LOCATION: MEDICAL EDUCATION & RESEARCH INSTITUTE, 44 SOUTH CLEVELAND, MEMPHIS, TN 38104

SPECIALS:

- \$100 for Interventional Techniques in Chronic Spinal Pain and Chronic Non-Spinal Pain at Meeting for Attendees
- 10% off Foundations, Clinical Aspects, and/or Board Review Self-Assessment available in hard copy and DVD
- 50% Off Meeting Fee to Fellows & Residents
- Special room rates until August 21, 2012

American Society of
Interventional Pain Physicians
The Voice of Interventional Pain Management since 1998

FROM THE CHAIRMAN

On behalf of the American Society of Interventional Pain Physicians and the ASIPP Board of Directors, I am pleased to offer two unique interventional pain management educational opportunities, each designed to increase knowledge and refine skill levels to promote quality patient care. These unique courses are designed for and dedicated to offering the highest level of education, training, and measurement of skills in our goal to provide better care and access for our patients.

Comprehensive Review Course and Cadaver Workshop in Interventional Pain Management

*Basic, Intermediate, and ABIPP Preparation
September 14-16 - Memphis, Tennessee*

This course is designed to meet the unique needs of interventional pain physicians. With our excellent participant/instructor ratio, you will have the opportunity for personal interaction with our highly distinguished faculty of world-renowned teachers and lecturers, creating a thorough and compelling educational experience.

During the 2½-day Comprehensive Review Course and Cadaver Workshop, you can improve existing skills and/or learn new techniques. Whether you have been practicing interventional pain management for many years or are new to the field with basic skills, we are confident you will find this course and workshop to be beneficial – as it is essential that we continue learning and exploring new procedures and techniques in our specialty.

Review Course and Cadaver Workshop in Vertebroplasty, Kyphoplasty, and Sacroplasty

September 15-16 - Memphis, Tennessee

As physicians in the comprehensive pain management industry, you know about the advantages of studying and applying minimally-invasive interventional pain techniques and how these specialized procedures help you enhance lives on a daily basis. In this 1½ day hands-on cadaver workshop in vertebroplasty, kyphoplasty, and sacroplasty, you will have the opportunity to expand your knowledge of the treatment of pain through the latest techniques in vertebral augmentation procedures.

We are confident that you will benefit from either of these exceptional opportunities for professional enhancement. The seminars will be conducted at The Hilton Memphis and at the Medical Education and Research Institute (MERI) in Memphis, TN. Please join ASIPP and your colleagues for this intensive learning experience. Registration is limited, so sign up today!

If you have any questions, please feel free to contact me at 2831 Lone Oak Road, Paducah, KY 42003, phone: 270-554-9412, fax: 270-554-5394, or e-mail at drm@asipp.org

Sincerely,

Laxmaiah Manchikanti, MD

Description, Purpose and Target Audience

These 2 ½-day review course and workshop is designed for interventional pain physicians, for a review, skills improvement or to assist in preparation for Comprehensive Interventional Pain Management Examination qualifications. ASIPP offers the most in-depth, comprehensive, and individualized programs available in interventional pain management, featuring maximum hands-on training with cadavers in a state-of-the-art facility and maximum ability to interact with other participants. Participants will experience a comprehensive and intense learning opportunity, focusing on interventional pain management techniques.

- Each cadaver station is limited to a maximum of 8 participants.
- Participants can choose the level of participation: Basic, Intermediate, or Comprehensive Interventional Pain Management Examination Preparation Course.
- C-arms and state-of-the-art equipment are utilized in this course. Participants are requested to dress in casual attire or scrubs. Leaded aprons and thyroid shields will be provided. However, participants are advised to bring their own protective eyewear.

The workshop is offered to improve the delivery of multiple aspects of interventional pain management. The desired outcome is to integrate multiple aspects of interventional pain management in treating your patients so that patients have better outcomes and reduced side effects.

Outcome

Physicians should be able to integrate multiple aspects of interventional pain management techniques in patient treatments so that patients have better outcomes and reduced side effects.

Accreditation Statement

The workshop is a CME activity that has been planned and implemented in accordance with the Essential Areas and Policies of the Accreditation Council for

Continuing Medical Education through the Joint Sponsorship of the Institute for Medical Studies and the American Society of Interventional Pain Physicians. The Institute for Medical Studies is accredited by the ACCME to provide continuing medical education for physicians.

Americans with Disabilities Act & Special Services

Organizers fully comply with the legal requirements of the Americans with Disabilities Act and the rules and regulations thereof. If any participant in these educational activities is in need of accommodations, please contact the organizers at (270) 554-9412 at least 10 days prior to each conference.

Cadaver Workshop Site

Medical Education & Research Institute
44 South Cleveland, Memphis, TN 38104
MERI is a non-profit institute located in the heart of the downtown medical center in Memphis, Tennessee. The 27,000-square-foot facility houses 3 anatomic teaching laboratories; 7 private, high-security research suites; and an auditorium equipped with the most state-of-the-art audiovisual systems available.

Category I Credit™

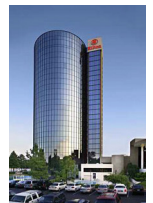

The Institute for Medical Studies will determine these educational activities for up to 20.5 AMA PRA Category 1 Credits™. Physicians should only claim credit commensurate with the extent of their participation in the activity.

ACCOMMODATIONS

HILTON MEMPHIS

939 Ridge Lake Blvd, Memphis TN
800.252.8758

The guest rooms at the Hilton Memphis are all spacious, and they include a large work desk. These are equipped with telephones, with modem data ports and voice messaging, and wireless high speed Internet access, coffee maker, iron/board and a hair dryer. For in-room entertainment, the rooms feature cable television, on-demand pay movies and video games.

Description, Purpose and Target Audience

This 1 ½-day comprehensive review course and hands-on cadaver workshop will describe and demonstrate various techniques and new augmentation devices for vertebroplasty, kyphoplasty, and sacroplasty. The desired outcome is for physicians to integrate various aspects of the interventional pain management techniques of vertebroplasty, kyphoplasty, and sacroplasty in treating patients in order to provide better outcomes and reduced side effects for patients.

The cadaver workshop includes hands-on workshop of interventional techniques consisting of vertebroplasty, kyphoplasty and sacroplasty by utilizing cadavers. Participants will experience a comprehensive and intense learning opportunity, focusing on the evolution of vertebroplasty, kyphoplasty, and sacroplasty. This program is designed for interventional pain physicians as a review, skills improvement, or to assist in obtaining credentials. It is the most in-depth, comprehensive, and individualized program available for vertebroplasty, kyphoplasty, and sacroplasty training in the United States, featuring maximum hands-on training with cadavers in a state-of-the-art facility and maximum ability to interact with other participants with pre- and post-didactic courses.

Each cadaver station is limited to 6-8 participants. C-arms and state-of-the-art equipment are utilized in this course. Participants are requested to dress in casual attire or scrubs. Lead aprons and thyroid shields will be provided, however, participants are advised to bring their own protective eyewear. ASIPP's vertebroplasty, kyphoplasty and sacroplasty review course and cadaver workshop is designed for interventional pain physicians. The seminar is planned as a CME activity to prepare physicians seeking to perform the procedures and credentialing as in-depth review of the subject.

Objectives

After this course, participants should be able to:

- Describe the delivery of multiple aspects of interventional pain management.
- Demonstrate improved skill levels of interventional techniques.
- Describe the techniques of Vertebroplasty, Kyphoplasty, and Sacroplasty

Outcome

Improve physician skill levels and knowledge of the interventional techniques of Vertebroplasty, Kyphoplasty and Sacroplasty.

Target Audience/Purpose

The ASIPP Vertebroplasty, Kyphoplasty, and Sacroplasty Review Course and Cadaver Workshop is designed for interventional pain physicians. The seminar is planned as a CME activity as an in-depth review of interventional techniques. This review course will be based on the specifications of the cadaver workshop. The cadaver workshop is offered to improve the delivery of multiple aspects of interventional pain management. It is designed to improve skill levels and knowledge of interventional techniques, focusing on vertebroplasty, kyphoplasty, and sacroplasty so that multiple aspects of interventional pain management can be used when treating patients. The desired outcome is to integrate multiple aspects of vertebroplasty, kyphoplasty, and sacroplasty in treating your patients so that patients have better outcomes and reduced side effects.

Accreditation Statement

This CME activity has been planned and implemented in accordance with the Essential Areas and Policies of the Accreditation Council for Continuing Medical Education through the Joint Sponsorship of the Institute for Medical Studies and the American Society of Interventional Pain Physicians. The Institute for Medical Studies is accredited by the ACCME to provide continuing medical education for physicians.

Category I Credit

The Institute for Medical Studies designates this educational activity for a maximum of 12.25 AMA PRA Category 1 Credits™. Physicians should only claim credit commensurate with the extent of their participation in the activity.
