Visiting Denver is like visiting a new world. Everyone wants to visit Denver because of all the mountains, the waterfalls and snow cap mountains with all ski resorts. Denver, it's really one of the countries most desirable and exciting places to visit. Denver is home to the largest city park system in the country and has the second largest performing arts complex in the nation. The Cadaver facility, Science Care, sets the standard of excellence for the donation and responsible use of human tissue for medical research, training and professional education. Science Care is the only organization to be accredited by both the American Association of Tissue Banks (AATB) and accredited as a provider by the Accreditation Council for Continuing Medical Education (ACCME). Science Care has fully audited quality assurance program, and insist on the highest standards not only for us, but for the vendors and clients that we work with.

COMPREHENSIVE REVIEW COURSE AND CADAVER WORKSHOP

(BASIC, INTERMEDIATE, AND COMPREHENSIVE INTERVENTIONAL PAIN MANAGEMENT EXAMINATION PREPARATION COURSE)
NOVEMBER 2-4, 2012 | DENVER, COLORADO

FROM THE CHAIRMAN

On behalf of the American Society of Interventional Pain Physicians and the ASIPP Board of Directors, I am pleased to offer this unique educational event that can assist you in furthering your knowledge-base and skills in the specialty of Interventional Pain Management. This unique course is designed for and dedicated to offering the highest level of education, training, and measurement of skills in our goal to provide better care and access for our patients.

The Comprehensive Review Course and Cadaver Workshop is designed to meet the unique needs of interventional pain physicians. With our excellent participant/instructor ratio, you will have the opportunity for personal interaction with our highly distinguished faculty of world-renowned teachers and lecturers, creating a thorough and compelling educational experience.

During the 2½-day Comprehensive Review Course and Cadaver Workshop, you can improve existing skills and/or learn new techniques. Whether you have been practicing interventional pain management for many years or are new to the field with basic skills, we are confident you will find this course and workshop to be beneficial – as it is essential that we continue learning and exploring new procedures and techniques in our specialty.

We are confident that you will benefit from this exceptional opportunity for professional enhancement. This seminar will be conducted at The Science Care facility in Denver, Colorado and accommodations will be at the Renaissance Denver Hotel. Make your plans early to attend. We look forward to seeing you in Denver. If you have any questions, please feel free to contact me at 2831 Lone Oak Road, Paducah, KY 42003, phone: 270-554-9412 fax: 270-554-5394, or e-mail: drm@asipp.org

COMPREHENSIVE REVIEW COURSE AND CADAVER WORKSHOP

(BASIC, INTERMEDIATE, AND COMPREHENSIVE INTERVENTIONAL PAIN MANAGEMENT EXAMINATION PREPARATION COURSE)
NOVEMBER 2-4, 2012 | DENVER, COLORADO

DESCRIPTION, PURPOSE AND TARGET AUDIENCE

This 2½-day review course and workshop is designed for interventional pain physicians, for a review, skills improvement or to assist in preparation for Comprehensive Interventional Pain Management Examination qualifications. ASIPP offers the most in-depth, comprehensive, and individualized programs available in interventional pain management, featuring maximum hands-on training with cadavers in a state-of-the-art facility and maximum ability to interact with other participants. Participants will experience a comprehensive and intense learning opportunity, focusing on interventional pain management techniques.

- Each cadaver station is limited to a maximum of 8 participants.
- Participants can choose the level of participation: basic, intermediate, or Comprehensive Interventional Pain Management Examination Preparation Course.
- C-arms and state-of-the-art equipment are utilized in this course. Participants are requested to dress in casual attire or scrubs. Leaded aprons and thyroid shields will be provided. However, participants are advised to bring their own protective eyewear.

The workshop is offered to improve the delivery of multiple aspects of interventional pain management. The desired outcome is to integrate multiple aspects of interventional pain management in treating your patients so that patients have better outcomes and reduced side effects.

OUTCOME

Physicians should be able to integrate multiple aspects of interventional pain management techniques in patient treatments so that patients have better outcomes and reduced side effects.

ACCREDITATION AND CME CREDIT STATEMENTS

This CME activity has been planned and implemented in accordance with the Essential Areas and Policies of the Accreditation Council for Continuing Medical Education thru the Joing Sponsorship of the Institute for Medical

Studies (IMS) and ASIPP. IMS is accredited by the ACCME to provide continuing medical education for physicians.

The Institute for Medical Studies designates this educational activity for a maximum of 21.25 *AMA PRA Category 1 Credits™*. Physicians should only claim credit commensurate with the extent of their participation in the activity.

AMERICANS WITH DISABILITIES ACT & SPECIAL SERVICES

Organizers fully comply with the legal requirements of the Americans with Disabilities Act and the rules and regulations thereof. If any participant in these educational activities is in need of accommodations, please contact the organizers at (270) 554-9412 at least 10 days prior to each conference.

CADAVER WORKSHOP SITE

Science Care sets the standard of excellence for the donation and responsible use of human tissue for medical research, training and professional education.

Science Care is the only organization to be accredited by both the American Association of Tissue Banks (AATB) and accredited as a provider by the Accreditation Council for Continuing Medical Education (ACCME).
