# Cadaver Workshop & Review Course in Fluoroscopy

## FROM THE CHIEF EXECUTIVE OFFICER

On behalf of the Board of the American Society of Interventional Pain Physicians, it is my privilege and pleasure to invite you to attend the Cadaver Workshop and Review Course in Fluoroscopy. The ABIPP Competency Certification examination in Fluoroscopic Interpretation and Radiation Safety will be administered following the Cadaver Workshop on Saturday, December 6.

We have revised our program to meet the continuing needs of interventionalists, based on input and needs assessment over the years and created a state-of-the-art educational program of didactic courses covering various interventional techniques under fluoroscopy and a comprehensive hands-on interventional Cadaver Workshop. We have changed the seminar and workshop to accommodate training levels and capacity of participants.

On the first day, the comprehensive review course in fluoroscopy is designed to provide interventional pain physicians with the ability to understand fluoroscopic interpretation and appropriate needle placement. This course is an essential component for interventional pain physicians and provides educational opportunities to assist you in providing high quality, competent, safe, accessible, and cost-efficient services to your patients. The accompanying examination and this course, as with all ASIPP courses, focuses on doing the right things, the right way, and for the right reasons.

The comprehensive cadaver workshop will offer basic, intermediate and intradiscal therapies and percutaneous discectomy in order to prepare physicians seeking board certification by ABIPP, obtain necessary CME credits in fluoroscopy, and/or offer an in-depth review of interventional techniques. Participants will benefit from the experience of individual physicians across the United States. During the 1½-day cadaver hands-on workshop, physicians can improve existing skills, learn new skills, prepare for the interventional techniques certification examination, or prepare for the board examination.

Whether you have been practicing interventional pain management for many years or are new to the field with basic skills, we are confident you will find this fluoroscopy review course and cadaver workshop to be beneficial, as it is essential to learn new and relevant information to survive in the new millennium. Our faculty consists of many experts in the field of fluoroscopy and interventional techniques. We trust you will be as excited as we are about this exceptional opportunity for professional enhancement.

The seminar will be conducted at the Westin Memphis Beale Street and the world famous Medical Education and Research Institute (MERI) in Memphis, TN. Make your plans early to attend. We look forward to seeing you in Memphis.

If you have any questions, please feel free to contact me at 2831 Lone Oak Road, Paducah, KY 42003, phone: 270-554-8373 ext. 101, fax: 270-554-8987, or e-mail: [drm@asipp.org](mailto:drm@asipp.org)

Thank you,

Laxmaiah Manchikanti, MD  
Chief Executive Officer and Chairman of the Board, ASIPP

# Cadaver Workshop & Review Course in Fluoroscopy

## Description

This 2½-day review course and workshop includes didactics on the topic of fluoroscopy and hands-on workshop in basic, intermediate and intradiscal therapies & percutaneous discectomy, using cadavers. Participants experience a comprehensive and intense learning opportunity, focusing on interventional pain management techniques.

This workshop is designed for interventional pain physicians, for a review, skills improvement or to assist in preparation for ABIPP Part I qualifications (if criteria are not already met) and Part II (FIPP Examination). It is the most in-depth, comprehensive, and individualized program available in interventional pain management, featuring maximum hands-on training with cadavers in a state-of-the-art facility and maximum ability to interact with other participants.

- Each workshop (cadaver station) is limited to a maximum of 8 participants.
- The workshop is limited to approximately 70 participants with 10 cadaver stations.
- Participants can choose the level of participation: basic, intermediate, or intradiscal therapies and percutaneous discectomy
- C-arms and state-of-the-art equipment are utilized in this course. Participants are requested to dress in casual attire or scrubs. Leaded aprons and thyroid shields will be provided. However, participants are advised to bring their own protective eyewear.

## Objectives

After this course, participants should be able to:

- Describe the delivery of multiple aspects of interventional pain management
- Review multiple areas of interventional pain management including fluoroscopic interpretation and radiation safety
- Demonstrate skills for competency certification

## Outcome

Physicians should be able to integrate multiple aspects of fluoroscopy in interventional pain management in treating their patients so that patients have better outcomes and reduced side effects.

## Accreditation Statement

This activity has been planned and implemented in accordance with the Essential Areas and Policies of the Accreditation Council for Continuing Medical Education (ACCME) through the joint sponsorship of the University of Louisville and the American Society of Interventional Pain Physicians. The University of Louisville is accredited by the ACCME to provide continuing medical education for physicians.

## Americans with Disabilities Act & Special Services

Organizers fully comply with the legal requirements of the Americans with Disabilities Act and the rules and regulations thereof. If any participant in this educational activity is in need of accommodations, please contact the organizers at (270) 554-9412 at least 10 days prior to the conference.

## Accommodations

Westin Memphis Beale Street  
170 Lt. George W. Lee Avenue, Memphis TN 38103 USA  
Phone 1-901-334-5900 / Fax 1-901-334-5901

Inform the agent that you are booking for American Society of Interventional Pain Physicians. We have secured a group room rate of \$185. Reserve rooms early—all unbooked rooms will be released November 4, 2008.

## Cadaver Workshop Site

### Medical Education & Research Institute

44 South Cleveland, Memphis, TN 38104

*MERI is a non-profit institute located in the heart of the downtown medical center in Memphis, Tennessee. The 27,000-square-foot facility houses three anatomic teaching laboratories; seven private, high-security research suites; and an auditorium equipped with the most state-of-the-art audiovisual systems available, including 3-D systems for viewing videos. MERI specializes in producing world-class educational programs, offering the most current information on the latest medical techniques and products.*

## Category I Credit™

The University of Louisville Continuing Health Sciences Education designates this educational activity for a maximum of 22.25 AMA PRA Category 1 Credits™. Physicians should only claim credit commensurate with the extent of their participation in the activities.

## Target Audience/Purpose

This intensive review course in fluoroscopy is planned as a CME activity for interventional pain physicians—for review, skills improvement or to assist in preparation for ABIPP Part I qualifications (if criteria are not already met) and Part II (FIPP Examination).

The ASIPP Cadaver Workshop in basic, intermediate and intradiscal therapies & percutaneous discectomy is designed for interventional pain physicians. The workshop is offered to improve the delivery of multiple aspects of interventional pain management. It is designed to demonstrate improved skill levels and knowledge of interventional techniques, focusing on intradiscal therapies so that multiple aspects of interventional pain management can be used when treating patients. Participants will also perform spinal and other injection techniques. The desired outcome is to integrate multiple aspects of interventional pain management in treating your patients so that patients have better outcomes and reduced side effects. Subjects and procedures are as follows:

|  |   |
|--|---|
| <b>BASIC</b>   |   |
| <ul style="list-style-type: none"> <li>• Caudal Epidural</li> <li>• Lumbar Interlaminar Epidural</li> <li>• Thoracic Interlaminar Epidural</li> <li>• Cervical Interlaminar Epidural</li> <li>• Sacroiliac Joint Injections</li> </ul> | <ul style="list-style-type: none"> <li>• Lumbar Facet Joint Blocks</li> <li>• Thoracic Facet Joint Injections</li> <li>• Cervical Facet Joint Injections</li> </ul> <p>(All the above facet joint blocks cover intraarticular Injections, medial branch blocks)</p> |
| <b>INTERMEDIATE</b>  |   |
| <ul style="list-style-type: none"> <li>• Cervical Facet Joint Nerve Radiofrequency</li> <li>• Thoracic Facet Joint Nerve Radiofrequency</li> <li>• Lumbar Facet Joint Nerve Radiofrequency</li> </ul>                                  | <ul style="list-style-type: none"> <li>• Lumbar Transforaminal Epidural</li> <li>• Lumbar Sympathetic Blocks</li> <li>• Percutaneous Adhesiolysis</li> <li>• Hypogastric Plexus Blocks</li> </ul>   |
| <b>INTRADISCAL THERAPIES AND PERCUTANEOUS DISCECTOMY</b>   |   |
| <ul style="list-style-type: none"> <li>• Lumbar Discography</li> <li>• Cervical Discography</li> <li>• Thoracic Discography</li> <li>• Lumbar IDET</li> <li>• LASE®</li> </ul>   | <ul style="list-style-type: none"> <li>• Lumbar Automated Percutaneous Disc Decompression (Nucleotome®)</li> <li>• Lumbar DeKompressor</li> <li>• Lumbar Biacuplasty</li> </ul>   |

There is no commercial support for this course.

## Registration Form

### REGISTRATION INFORMATION

Approximately 70 participants will be allowed in the Workshop. Please complete the enclosed registration form and return to ASIPP with payment (your application will not be processed if payment does not accompany registration form). ASIPP reserves the right to cancel this Workshop and/or Review Preparation Course upon reasonable notice and will assume no financial obligation to registrants for cancellation of the course for reasons beyond its control. Registration fees will be refunded. However, costs incurred by the registrants, such as airline or hotel fees or penalties, are the responsibility of the registrants.

**Registrants who are not accepted into this workshop will receive notice by mail with their returned checks.**

**IMPORTANT:** Please answer all the questions:

#### Primary Specialty Certification:

- Anesthesiology     Psychiatry  
 Neurosurgery     Other: \_\_\_\_\_

#### Pain Medicine Subspecialty Certification:

- American Board of Anesthesiology  
 American Board of Pain Medicine  
 American Board of Interventional Pain Physicians  
 Fellow of Interventional Pain Practice (FIPP)
