October 6-7, 2007

From The Chief Executive Officer

On behalf of the Board of the American Society of Interventional Pain Physicians, it is my privilege and pleasure to invite you to attend the Interventional Techniques Review Course and the Comprehensive Interventional Cadaver Workshop this October 5-7 in Memphis, TN. We have revised our program to meet the continuing needs of interventionalists. Based on input and needs assessment over the years we have created a state-of-the-art educational program of didactic courses covering various interventional techniques, a comprehensive hands-on interventional Cadaver Workshop, and problem focused, interactive discussions. We have designed the seminar and workshop to accommodate training levels and capacity of participants.

This intensive review course and comprehensive cadaver workshop are planned as a CME activity to prepare physicians seeking board certification by ABIPP, and/or as an in-depth review of interventional techniques. Participants will experience a comprehensive and intense learning opportunity; focusing on basic, intermediate, and advanced interventional pain management techniques and the experience of individual physicians. During this three day event you can improve existing skills, learn new skills, prepare for the interventional techniques certification examination, or prepare for the board examination.

Whether you have been practicing interventional pain management for many years or are new to the field with basic skills, we are confident you will find this review course and cadaver workshop to be beneficial, as it is essential to learn new and relevant information to survive in the new millennium.

We trust you will be as excited as we are about this exceptional opportunity for professional enhancement. The combined comprehensive review course and hands-on cadaver workshop is a 2 ½ day program with one full day of didactic reviews followed by a 1 ½ day workshop. Didactic courses on Friday will be conducted at the Westin Memphis Beale Street. The cadaver workshop on Saturday and Sunday will be conducted at the world famous Medical Education and Research Institute (MERI) in Memphis, TN.

Make your plans early to attend. We look forward to seeing you in Memphis.

Sincerely,

Laxmaiah Manchikanti, MD
CEO, ASIPP

Target Audience / Purpose

This intensive Review Course is planned as a CME activity to prepare physicians seeking board certification by ABIPP or as an in-depth review of Interventional Techniques. This Review Course will be based on the specifications of the Cadaver Workshop and will assist in preparation for ABIPP Part I and Part II (FIPP examination).

Objectives

Describe the delivery of multiple aspects of interventional pain management, demonstrate improved skill levels of interventional techniques. Outcome: so that you can integrate multiple aspects of interventional pain management in treating your patients so that patients have better outcomes and reduced side effects.

Accommodations

The Westin Memphis Beale Street—Memphis, TN
170 Lt. George W. Lee Ave. / Memphis, TN 38103
Phone (901) 334-5900 / Fax (901) 334-5901

Inform agent that you are booking for American Society of Interventional Pain Physicians. We have secured a group room rate of \$179. Reserve rooms early—all unbooked rooms will be released September 4, 2007.

Accreditation Statement

This activity has been planned and implemented in accordance with Essential Areas and Policies of the Accreditation Council for Continuing Medical Education (ACCME) through the joint sponsorship of the University of Louisville and the American Society of Interventional Pain Physicians. The University of Louisville is accredited by the ACCME to provide continuing medical education for physicians.

Category I Credit

The University of Louisville Continuing Health Sciences Education designates this educational activity for a maximum of 8.5 *AMA PRA Category 1 Credits™*. Physicians should only claim credit commensurate with the extent of their participation in the activity.

Americans with Disabilities Act & Special Services

Organizers fully comply with the legal requirements of the Americans with Disabilities Act and the rules and regulations thereof. If any participant in this educational activity is in need of accommodations, please contact the organizers at (270) 554-9412 at least 10 days prior to the conference.

Workshop Site

Medical Education & Research Institute,

44 South Cleveland, Memphis, TN 38104

MERI is a non-profit institute located in the heart of the downtown medical center in Memphis, TN. The 27,000-square-foot facility houses three anatomic teaching laboratories; seven private, high-security research suites; and an auditorium equipped with the most state-of-the-art audiovisual systems available, including 3-D systems for viewing videos. MERI specializes in producing world-class educational programs, offering the most current information on the latest medical techniques and products.

Description

This 1 day workshop includes hands-on workshop of interventional techniques, using cadavers. Participants experience a comprehensive and intense learning opportunity, focusing on interventional pain management techniques.

This program is designed for interventional pain physicians, for a review, skills improvement or to assist in preparation for ABIPP Part I qualifications (if criteria are not already met) and Part II (FIPP Examination). It is the most in-depth, comprehensive, and individualized program available in interventional pain management, featuring maximum hands-on training with cadavers in a state-of-the-art facility and maximum ability to interact with other participants.

- Each workshop (cadaver station) is limited to a maximum of 8 participants.
- The workshop is limited to approximately 70 participants with 10 cadaver stations.
- Participants can choose the level of participation: Basic, Intermediate or Advanced.
- C-arms and state-of-the-art equipment are utilized in this course. Participants are requested to dress in casual attire or scrubs. Lead aprons and thyroid shields will be provided. However, participants are advised to bring their own protective eyewear.

Accommodations

The Westin Memphis Beale Street—Memphis, TN 170 Lt. George W. Lee Ave. / Memphis, TN 38103
Phone (901) 334-5900 / Fax (901) 334-5901

Inform agent that you are booking for American Society of Interventional Pain Physicians. We have secured a group room rate of \$179. Reserve rooms early—all unbooked rooms will be released September 4, 2007.

There is no commercial support for this activity.

No duplication or distribution of materials, or recording of lectures associated with this conference is permitted without express written consent of the American Society of Interventional Pain Physicians. All rights reserved.

Accreditation Statement

This activity has been planned and implemented in accordance with the Essential Areas and Policies of the Accreditation Council for Continuing Medical Education (ACCME) through the joint sponsorship of the University of Louisville and the American Society of Interventional Pain Physicians. The University of Louisville is accredited by the ACCME to provide continuing medical education for physicians.

Category I Credit

The University of Louisville Continuing Health Sciences Education designates this educational activity for a maximum of 14.75 AMA PRA Category 1 Credits™. Physicians should only claim credit commensurate with the extent of their participation in the activity.

Americans with Disabilities Act & Special Services

Organizers fully comply with the legal requirements of the Americans with Disabilities Act and the rules and regulations thereof. If any participant in this educational activity is in need of accommodations, please contact the organizers at (270) 554-9412 at least 10 days prior to the conference.

Target Audience / Purpose

The ASIPP Comprehensive Basic, Intermediate, and Advanced Interventional Cadaver Workshop is designed for interventional pain physicians. The workshop is offered to improve the delivery of multiple aspects of interventional pain management. It is designed to demonstrate improve skill levels and knowledge of interventional techniques, focusing on spinal and other injection techniques so that multiple aspects of interventional pain management can be used when treating patients. Participants will also perform spinal and other injection techniques. The desired outcome is to integrate multiple aspects of interventional pain management in treating your patients so that patients have better outcomes and reduced side effects. Subjects and procedures are as follows:

BASIC	INTERMEDIATE	ADVANCED
1. Caudal Epidural	1. Cervical Facet Joint Nerve Radiofrequency	1. Lumbar Discography
2. Lumbar Interlaminar	2. Thoracic Facet Joint Nerve Radiofrequency	2. Thoracic Discography
3. Thoracic Interlaminar	3. Lumbar Facet Joint Nerve Radiofrequency	3. Cervical Discography
4. Cervical Interlaminar	4. Lumbar Transforaminal Epidurals	4. Lumbar IDET
5. Sacroiliac Joint Injections	5. Stellate Ganglion Blocks	5. LASE®
6. Lumbar Facet Joint Blocks <small>Intraarticular Injections, Medial Branch Blocks</small>	6. Lumbar Sympathetic Blocks	6. Lumbar Automated Percutaneous Disc Decompression (Nucleotome®)
7. Thoracic Facet Joint Blocks <small>Intraarticular Injections, Medial Branch Blocks</small>	7. Hypogastric Plexus Blocks	7. Lumbar DeKompressor
8. Cervical Facet Joint Blocks <small>Intraarticular Injections, Medial Branch Blocks</small>	8. Percutaneous Adhesiolysis	8. Lumbar Biacuplasty

Registration Form

REGISTRATION INFORMATION

Approximately 70 participants will be allowed in the Workshop. Please complete the enclosed registration form and return to ASIPP with payment (your application will not be processed if payment does not accompany registration form).

ASIPP reserves the right to cancel this Workshop and/or Review Preparation Course upon reasonable notice and will assume no financial obligation to registrants for cancellation of the course for reasons beyond its control. Registration fees will be refunded. However, costs incurred by the registrants, such as airline or hotel fees or penalties, are the responsibility of the registrants.

Registrants who are not accepted into this workshop will receive notice by mail with their returned check.

IMPORTANT. Please answer all the questions:

Primary Specialty Certification:

- Anesthesiology Psychiatry
 Neurology Other: _____

Pain Medicine Subspecialty Certification:

- American Board of Anesthesiology
 American Board of Pain Medicine
 American Board of Interventional Pain Physicians
 Fellow of Interventional Pain Practice (FIPP)

Specialty Designation:

- 09 - Interventional Pain Management
 72 - Pain Management
 Other: _____

Percentage of Interventional Pain Management Practice:

- 0% 1-25% 26-50% 51-75% > 75%

Years in Interventional Pain Management practice:

- 0 1-5 6-10 > 10

Please select one of the following:

- Basic Intermediate Advanced
(see Page 3 to assist with this selection)
