*Special room rates until April 24, 2008*

## FROM THE CHIEF EXECUTIVE OFFICER

On behalf of the Board of the American Society of Interventional Pain Physicians, it is my privilege and pleasure to invite you to attend the Review Course in Fluoroscopy and Cadaver Workshop in Spinal (basic and intermediate) and non-spinal interventional techniques. Following the review course on Friday, May 16, 2008, the ABIPP Competency Certification examination in Fluoroscopic Interpretation and Radiation Safety will be administered.

We have revised our program to meet continuing needs of interventionalists, based on input and needs assessment over the years and created a state-of-the-art educational program of didactic courses covering various interventional techniques under fluoroscopy and a comprehensive hands-on interventional Cadaver Workshop. We have changed the seminar and workshop to accommodate training levels and capacity of participants. There are numerous courses teaching only spinal interventions. However, ASIPP also teaches non-spinal interventional techniques.

On the first day, the comprehensive review course in fluoroscopy is designed to provide interventional pain physicians with the ability to understand fluoroscopic interpretation and appropriate needle placement. This course is an essential component for interventional pain physicians and provide education opportunities to assist you in providing high quality, competent, safe, accessible, and cost-efficient services to your patients. Accompany examination and this course, as with all ASIPP courses, focuses on doing the right things, the right way, and for the right reasons.

The comprehensive cadaver workshop is also planned to prepare physicians seeking board certification by ABIPP, obtain necessary CME credits in fluoroscopy, and/or as an in-depth review of interventional techniques. Participants will experience a comprehensive and intense learning opportunity focusing either on basic or intermediate spinal interventional techniques, or non-spinal interventional techniques. Participants will also benefit from the experience of individual physicians across the United States. During the 1½ day cadaver hands-on workshop, physicians can improve existing skills, learn new skills, prepare for the interventional techniques certification examination, or prepare for the board examination.

Whether you have been practicing interventional pain management for many years or are new to the field with basic skills, we are confident you will find this fluoroscopy review course and cadaver workshop to be beneficial, as it is essential to learn new and relevant information to survive in the new millennium. Our faculty consists of many experts in the field of fluoroscopy and interventional techniques. We trust you will be as excited as we are about this exceptional opportunity for professional enhancement.

The seminar will be conducted at the Memphis Marriott Downtown and the world famous Medical Education and Research Institute (MERI) in Memphis, TN. Make your plans early to attend. We look forward to seeing you in Memphis.

If you have any questions, please feel free to contact me at 2831 Lone Oak Road, Paducah, KY 42003, phone: 270-554-8373 ext. 101, fax: 270-554-8987, or e-mail: [drm@apex.net](mailto:drm@apex.net)

Thank you,

Laxmaiah Manchikanti, MD  
Chief Executive Officer, ASIPP

## Review Course in Fluoroscopy

May 16, 2008 • Memphis, Tennessee • Memphis Marriott Downtown

### Description

This 1-day review course includes didactics on the topic of fluoroscopy. Participants experience a comprehensive and intense learning opportunity, focusing on interventional pain management techniques.

### Target Audience/Purpose

This intensive review course in fluoroscopy is planned as a CME activity for interventional pain physicians—for review, skills improvement or to assist in preparation for ABIPP Part I qualifications (if criteria are not already met) and Part II (FIPP Examination).

### Objectives

After this course, participants should be able to:

- Describe the delivery of multiple aspects of interventional pain management.
- Review multiple areas of interventional pain management including fluoroscopic interpretation and radiation safety
- Demonstrate skills for competency certification

### Accreditation Statement

This activity has been planned and implemented in accordance with the Essential Areas and Policies of the Accreditation Council for Continuing Medical Education (ACCME) through the joint sponsorship of the University of Louisville and the American Society of Interventional Pain Physicians. The University of Louisville is accredited by the ACCME to provide continuing medical education for physicians.

### Outcome

Physicians should be able to integrate multiple aspects of fluoroscopy in interventional pain management in treating their patients so that patients have better outcomes and reduced side effects.

### Category I Credit

The University of Louisville Continuing Health Sciences Education designates this educational activity for a maximum of 24.5 *AMA PRA Category 1 Credits*<sup>™</sup>. Physicians should only claim credit commensurate with the extent of their participation in the activity.

### Americans with Disabilities Act & Special Services

Organizers fully comply with the legal requirements of the Americans with Disabilities Act and the rules and regulations thereof. If any participant in this educational activity is in need of accommodations, please contact the organizers at (270) 554-9412 at least 10 days prior to the conference.

### Accommodations

Memphis Marriott Downtown  
250 North Main Street, Memphis TN 38103  
Phone 1-901-527-7300 / Toll Free 1-888-557-8740  
Fax 1-901-214-3711

Inform the agent that you are booking for American Society of Interventional Pain Physicians. We have secured a group room rate of \$159. Reserve rooms early—all unbooked rooms will be released April 24, 2008.

There is no commercial support for this course.

## Cadaver Workshop

in Spinal (basic and intermediate) and Non-Spinal Interventional Techniques

May 17–18 2008 • Memphis, Tennessee • MERI

### Cadaver Workshop Site

#### Medical Education & Research Institute

44 South Cleveland, Memphis, TN 38104

MERI is a non-profit institute located in the heart of the downtown medical center in Memphis, Tennessee. The 27,000-square-foot facility houses three anatomic teaching laboratories; seven private, high-security research suites; and an auditorium equipped with the most state-of-the-art audiovisual systems available, including 3-D systems for viewing videos. MERI specializes in producing world-class educational programs, offering the most current information on the latest medical techniques and products.

### Description

This 1½-day workshop includes hands-on workshop Spinal (basic and intermediate) and Non-Spinal Interventional Techniques, using cadavers. Participants experience a comprehensive and intense learning opportunity, focusing on interventional pain management techniques.

This program is designed for interventional pain physicians, for a review, skills improvement or to assist in preparation for ABIPP Part I qualifications (if criteria are not already met) and Part II (FIPP Examination). It is the most in-depth, comprehensive, and individualized program available in interventional pain management, featuring maximum hands-on training with cadavers in a state-of-the-art facility and maximum ability to interact with other participants.

- Each workshop (cadaver station) is limited to a maximum of 8 participants.
- The workshop is limited to approximately 70 participants with 10 cadaver stations.
- Participants can choose the level of participation: Spinal Basic, Spinal Intermediate, or Non-Spinal.
- C-arms and state-of-the-art equipment are utilized in this course. Participants are requested to dress in casual attire or scrubs. Leaded aprons and thyroid shields will be provided. However, participants are advised to bring their own protective eyewear.

### Accommodations

Memphis Marriott Downtown  
250 North Main Street, Memphis TN 38103  
Phone 1-901-527-7300 / Toll Free 1-888-557-8740  
Fax 1-901-214-3711

Inform the agent that you are booking for American Society of Interventional Pain Physicians. We have secured a group room rate of \$159. Reserve rooms early—all unbooked rooms will be released April 24, 2008.

### Americans with Disabilities Act & Special Services

Organizers fully comply with the legal requirements of the Americans with Disabilities Act and the rules and regulations thereof. If any participant in this educational activity is in need of accommodations, please contact the organizers at (270) 554-9412 at least 10 days prior to the conference.

### Target Audience/Purpose

The ASIPP Cadaver Workshop in Spinal (basic and intermediate) and Non-Spinal Interventional Techniques is designed for interventional pain physicians. The workshop is offered to improve the delivery of multiple aspects of interventional pain management. It is designed to demonstrate improve skill levels and knowledge of interventional techniques, focusing on spinal and other injection techniques so that multiple aspects of interventional pain management can be used when treating patients. Participants will also perform spinal and other injection techniques. The desired outcome is to integrate multiple aspects of interventional pain management in treating your patients so that patients have better outcomes and reduced side effects. Subjects and procedures are as follows:

#### SPINAL: BASIC

- |                                  |  |
|----------------------------------|--|
| • Caudal Epidural                | • Lumbar Facet Joint Blocks                              |
| • Lumbar Interlaminar Epidural   | • Lumbar Intraarticular Injections, Medial Branch Blocks |
| • Thoracic Interlaminar Epidural | • Sacroiliac Joint Injections                            |
| • Cervical Interlaminar Epidural | • Lumbar Facet Joint Nerve Radiofrequency                |
| • Lumbar Transforaminal Epidural |  |

#### SPINAL: INTERMEDIATE

- |   |                             |
|---|-----------------------------|
| • Cervical Facet Joint Injections           | • Lumbar Discography        |
| • Thoracic Facet Joint Injections           | • Thoracic Discography      |
| • Thoracic Facet Joint Nerve Radiofrequency | • Cervical Discography      |
| • Cervical Facet Joint Nerve Radiofrequency | • Percutaneous Adhesiolysis |

#### NON-SPINAL

- |                             |  |
|-----------------------------|--|
| • Lumbar Sympathetic Blocks | • T <sub>2</sub> , T <sub>3</sub> Sympathetic Blocks |
| • Hypogastric Plexus Blocks | • Splanchnic Nerve Blocks                            |
| • Piriformis Injection      | • Trigeminal Nerve Blocks                            |
| • Stellate Ganglion Blocks  | • Celiac Plexus Blocks                               |

There is no commercial support for this course.

Board Review Course;  
Controlled Substance Management  
Review Course; Coding, Compliance &  
Practice Management Review Course;  
and Exams (including ABIPP Part I)

Comments from past year attendees:

- “Well organized, highly informative course.”
- “By far the best board review course I have ever attended!”
- “I thought the entire program was outstanding! Great job!”
- “Lectures were very pertinent to Board questions.”
- “Very thorough, well-planned, convenient review course; practical advice was useful; very courteous, knowledgeable experts who were very clear and organized in presentations of difficult topics.”

### Featuring:

- Five-day review
- Over 50 AMA PRA Category 1 Credits
- Question bank and syllabus with CD-ROM
- Daily pre-test and post-test with review
- Early bird and fellow/resident discounts

### Intensive reviews for preparation of:

- American Board of Medical Specialties—  
Subspecialty Certification in Pain Medicine
- American Board of Interventional Pain  
Physicians—Part I Certification Examination
- Competency Examinations

The courses and exams will be held at the Chase Park Plaza  
212-232 North Kingshighway Boulevard, St. Louis, Missouri 63108  
Phone: 1.877.587.2427 / Fax: 1.314.633.1144 / [chaseparkplaza.com](http://chaseparkplaza.com)

## Registration Form

### REGISTRATION INFORMATION

Approximately 70 participants will be allowed in the Workshop. Please complete the enclosed registration form and return to ASIPP **with payment (your application will not be processed if payment does not accompany registration form).**

ASIPP reserves the right to cancel this Workshop and/or Review Preparation Course upon reasonable notice and will assume no financial obligation to registrants for cancellation of the course for reasons beyond its control. Registration fees will be refunded. However, costs incurred by the registrants, such as airline or hotel fees or penalties, are the responsibility of the registrants.

**Registrants who are not accepted into this workshop will receive notice by mail with their returned check.**

**IMPORTANT.** Please answer all the questions:

#### Primary Specialty Certification:

- Anesthesiology     Psychiatry  
 Neurosurgery     Other: \_\_\_\_\_

#### Pain Medicine Subspecialty Certification:

- American Board of Anesthesiology  
 American Board of Pain Medicine  
 American Board of Interventional Pain Physicians  
 Fellow of Interventional Pain Practice (FIPP)

#### Specialty Designation:

- 09 - Interventional Pain Management  
 72 - Pain Management  
 Other: \_\_\_\_\_

#### Percentage of Interventional Pain Management Practice:

- 0%     1-25%     26-50%     51-75%     > 75%

#### Years in Interventional Pain Management practice:

- 0     1-5     6-10     > 10

#### Please select one of the following:

- Spinal Basic     Spinal Intermediate     Non-Spinal  
(see Page 6 to assist with this selection)

#### Total number of procedures performed during past year:
