It is our pleasure to invite you to the **American Society of Interventional Pain Physicians' 2026 Annual Meeting**, where we will continue to shape the future of Interventional Pain Management. This **28th Annual Meeting** will take place **Thursday, March 19 through Saturday, March 21, 2026**, at the **Hilton New Orleans Riverside in New Orleans, Louisiana**.

Our program is thoughtfully designed to meet the educational needs of physicians, advanced practitioners, and healthcare staff in the interventional pain management (IPM) community. With an exceptional lineup of sessions, speakers, and hands-on opportunities, this year's meeting promises to deliver value for every attendee.

Whether you're a dedicated ASIPP® member or considering becoming one, the 2026 Annual Meeting will provide the tools, knowledge, and connections you need to thrive in the evolving field of interventional pain management.

We are excited to present the ASIPP® 2026 Annual Meeting in New Orleans!

On behalf of the Board of Directors of ASIPP®, we hope you join us for the most important meeting all year.

GENERAL INFORMATION

ACCREDITATION STATEMENT

This activity has been planned and implemented in accordance with the accreditation requirements and policies of the Accreditation Council for Continuing Medical Education (ACCME) through the joint providership of The Institute for Medical Studies and The American Society of Interventional Pain Physicians. The Institute for Medical Studies is accredited by the ACCME to provide continuing medical education for physicians.

ASIPP® is now an ABA Registered CME Provider

AUDIENCE

The intent of these courses is to present interventional pain management specialists, nurses, and other healthcare providers with an in-depth review of multiple areas of interventional pain management.

- Raj/Racz Distinguished Lecture Series
- Manchikanti Distinguished Lecture Series
- Peripheral Nerve Stimulation
- Minimally Invasive Spinal Interventions
- Antithrombotics
- Regenerative Medicine
- Spinal Cord Stimulation
- Young Physicians in IPM
- Innovative Technologies

OBJECTIVES

Discuss established and evolving concepts in interventional pain management.

OUTCOME

Participants in the 2026 ASIPP® Annual Meeting will learn to operate comprehensive interventional pain care centers more efficiently, so that patients will receive the best care available. They should leave with greater knowledge of interventional pain management as it applies to their patients and practice.

CATEGORY 1 CREDIT

The Institute for Medical Studies designates this live activity for a maximum of 20 AMA PRA Category 1 Credits™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Physicians of Osteopathic Medicine—the American Osteopathic Association (AOA) accepts AMA PRA Category 1 Credits™ as AOA Category 2-B credit.

RN, NP, AND PA CREDIT

Nurse Practitioners: The American Academy of Nurse Practitioners (AANP) accepts AMA PRA Category 1 Credits™ from organizations accredited by the ACCME.

RNs/ APNs: Most State Nursing Boards accept CE activities designated for AMA PRA Category 1 Credits™ towards re-licensure requirements. Check with your board to determine whether they will accept this CME activity towards your re-licensure. This activity is designated for up to 20 AMA PRA Category 1 Credit(s)™

Physician Assistants: The American Academy of Physician Assistants (AAPA) accepts AMA PRA Category 1 Credits™ from organizations accredited by the ACCME.

AMERICANS WITH DISABILITIES ACT AND SPECIAL SERVICES

Organizers fully comply with the legal requirements of the Americans with Disabilities Act and the rules and regulations thereof. If any participant in this educational activity is in need of accommodations, please contact the organizers at 270.554.9412 at least 10 days prior to the conference.

PRE-REGISTRATION

For your convenience, ASIPP® will offer pre-registration on Wednesday, March 18 from 4:00pm – 7:00pm.

ASIPP® does not permit duplication or distribution of materials, or recording of lectures associated with this conference without the express written consent of the American Society of Interventional Pain Physicians. All rights reserved.

THE SOCIETY OF INTERVENTIONAL PAIN MANAGEMENT SURGERY CENTERS

Advocacy group for physician
owners of ambulatory surgery centers

Your advocate to limit or eliminate impending dramatic cuts in Medicare payment for IPM ASC services, which directly affect what procedures commercial insurance will cover.

Promoting the development and practice of safe, high quality, cost-effective interventional pain management techniques for the diagnosis and treatment of pain related disorders.

Communicating with legislators, patients, the public, CMS, and third party payers about interventional pain management services in ASCs.

Striving to eliminate inconsistencies in hospital outpatient department payment rules and local medical review policies.

ONE ORGANIZATION: TWO JOURNALS

LEADING THE WAY IN INTERVENTIONAL PAIN MANAGEMENT RESEARCH:

PAIN PHYSICIAN JOURNAL & PAIN MEDICINE CASE REPORTS

Pain Physician journal

A scholarly body of work specifically oriented to interventional pain management. The *Pain Physician* journal publishes 6 print issues and 2–4 special issues per year that provide a forum for development and dissemination of knowledge through its many original contributions and systematic review. The journal has been indexed and included on Excerpta Medica, EMBASE, Medline, PubMed, and Index Medicus.

Pain Medicine Case Reports

An electronic publication of The American Society of Interventional Pain Physicians and a clinical companion journal to *Pain Physician*. The Pain Medicine Case Reports Journal was recently accepted for inclusion in MEDLINE and PubMed, the prestigious bibliographic database of the U.S. National Library of Medicine. Pain Medicine Case Reports joins its counterpart, the *Pain Physician* journal, in achieving indexing in both MEDLINE and PubMed, marking ASIPP's dual presence in these renowned databases.
