YOU'RE INVITED

On behalf of the Board of the American Society of Interventional Pain Physicians (ASIPP®), it is our privilege and pleasure to invite you to attend the **Management of Substance Use Disorders and Controlled Substance Management: Medication Access and Training Expansion (MATE) Act Virtual Review Course**.

This 1 day virtual review course is May 21, 2023. This review course meets the needs of interventionalists based on input and needs assessment.

GENERAL INFORMATION

On December 29, 2022, the Consolidated Appropriations Act of 2023 enacted a new one-time, eight-hour training requirement for all Drug Enforcement Administration (DEA)-registered practitioners on the treatment and management of patients with opioid or other substance use disorders (Medication Access and Training Expansion (MATE) Act).

Beginning on June 27, 2023, practitioners will be required to check a box on their online DEA registration form—regardless of whether a registrant is completing their initial registration application or renewing their registration—affirming that they have completed the new training requirement.

The deadline for satisfying this new training requirement is the date of a practitioner's next scheduled DEA registration submission—regardless of whether it is an initial registration or a renewal registration—on or after June 27, 2023.

This one-time training requirement affirmation will not be a part of future registration renewals.

In response to this need, ASIPP has developed the virtual review course **Controlled Substance Management Virtual Review Course: Medication Access and Training Expansion (MATE) Act**.

This virtual review course will be held on May 21, 2023. In addition to covering the required Curriculum to Meet MATE Act Requirements for DEA Licensing, it will also provide 10.5 AMA PRA Category 1 Credits™.

ACCREDITATION STATEMENT

This activity has been planned and implemented in accordance with the accreditation requirements and policies of the Accreditation Council for Continuing Medical Education (ACCME) through the joint providership of The Institute for Medical Studies and the American Society of Interventional Pain Physicians (ASIPP®).
