

Looking forward to the  
future

*Keeping ASIPP  
Strong*

# President Soin's Successes:

## Passing the Torch

### • Enhance the value proposition of ASIPP

- Members only section of ASIPP
- We will continue these enhanced member benefits, adding additional members only educational opportunities and information sharing
  - *Pain Exam* partnership
  - ASIPP Amazon Store

### • Enhanced development and robust encouragement and support of state societies

- ASIPP is the only major pain organization with state societies. These societies provide leadership opportunities for young physicians and provide a localized voice for IPM
- We will continue development and support of state websites

### • Youth Engagement

- We will continue to provide leadership and educational opportunities for our fellows

### • Industry Partnership

- Advocacy partnership
- Innovation Summit
- Provide additional industry/ membership educational exchange via webinars or zoom meetings
- Expanding Competency Certifications

### • Advocacy

- Close working relationship with ASIPP AMA, CPT and RUC representatives
- We will continue to foster these relationships, provide support and encourage the voices of our representatives
- Washington DC delegation
- Continued Support for Congressional allies

# Achievements

## Local Coverage Designation

- Facet Joint and Epidural Steroid Injections
- SI joint interventions

## CDC Guidelines

- ASIPP wrote a detailed response commenting on errors and deficiencies
- We will continue vigilant following of these guideline documents writing additional comments and providing further opportunity for membership discussions

## ABIPP

- Dramatically increased the number of states recognizing ABIPP as marketable board certification.
- Previously 25 – 30. Now over 40 states recognizing ABIPP
- Work toward ABMS inclusion of ABIPP certification

## ABIPP

- Ease of administration now online
- Increased number of available testing times
- Redesign continued certification
- Increase marketing value of ABIPP certification

## Diversity

- Fostered overall diversity in leadership roles
- Continue to advance women and minority leadership positions

## Medicare

- Promoted a continuous dialogue with Medicare
- Preparing an initiative to increase procedural coverage with Medicare Advantage Plans
- Continue to assure Medicare Advantage coverage with new procedures

# Aspirations

- **Pain Physician Journal and Pain Medicine Case Reports**
  - Steady increase in the impact factor
  - Pubmed application for Pain Medicine Case Reports
  - Increased ASIPP marketing for these journals
  - Encourage article submissions
  - Increase the number of editorial reviewers
- **Enhance meeting value for our members**
  - Medicare LCD Webinar
  - Venture Capital Summit
  - Additional Webinars and Specialized courses
  - Collaborative courses

**Enjoy the conference  
...and Las Vegas!**
