FROM THE COURSE DIRECTOR

On behalf of the Board of the American Society of Interventional Pain Physicians (ASIPP®), it is our privilege and pleasure to invite you to attend either one or both of our first courses of the year. They include a Cadaver Workshop (Basic, Intermediate, and ABIPP Preparation) with online lectures and Ultrasound for Non-Spinal Injections. The courses will run February 27 through March 1, 2015 in Las Vegas at The Venetian and the state-of-the-art Oquendo Center.

These courses meet the continuing needs of interventionalists, based on input and needs assessment over the years and are cutting edge educational programs. They incorporate didactic courses and hands-on workshops covering various interventional techniques to enhance the knowledge and/or skill-level of the participants.

On the first day, the comprehensive review course and hands-on workshop in Ultrasound for Non-spinal Injections is designed to provide interventional pain physicians with the ability to understand fluoroscopic interpretation and appropriate needle placement. This one day course is an essential component for interventional pain physicians and provides education opportunities to assist you in providing high-quality, competent, safe, accessible, and cost-efficient services to your patients.

Starting the second day will be a Cadaver Workshop fashioned to accommodate training levels and capacity of participants. Physicians can choose from basic, intermediate, or ABIPP examination preparation course levels to mirror your needs and skill level. As part of the Cadaver Workshop, there are online lectures specific to your chosen course level, which should enhance the learning experience. Lectures are given by highly qualified ASIPP faculty members and each lecture presentation can be downloaded as future reference material.

Both courses provide necessary CME credits and/or an in-depth review of interventional techniques. Participants will experience a comprehensive and intense learning opportunity focused on meeting their needs at the highest level of medical education. Participants will also benefit from the camaraderie and experience of individual physicians across the United States.

Whether you have been practicing interventional pain management for many years or are new to the field with basic skills, we are confident you will find this course and cadaver workshop to be beneficial, as it is essential to learn new and relevant information to survive in the new millennium. Our faculty consists of renowned experts in the field of interventional techniques. We trust you will be as excited as we are about this exceptional opportunity for professional enhancement.

We look forward to seeing you in Las Vegas. If you have any questions, please feel free to contact the ASIPP office at 81 Lakeview Drive, Paducah, KY 42001, phone: 270-554-9412, fax: 270-554-5394, or e-mail: asipp@asipp.org

Thank you,

Laxmaiah Manchikanti, MD

DESCRIPTION

Choose to attend one or both of ASIPP's first courses of 2015 in Las Vegas. You can attend the one day Ultrasound for Non-spinal Injections course or the 1½ day Cadaver Workshop course with online lectures or both. Participants will experience a comprehensive and intense learning opportunity, focusing on interventional pain management techniques in both courses.

TARGET AUDIENCE/PURPOSE

These comprehensive review courses in interventional techniques are targeted to interventional pain physicians seeking CME credit hours and introduction or review of proven interventional techniques, as well as skills improvement and/or to fulfill state board requirements for CME hours in fluoroscopic interpretation and radiation safety.

OBJECTIVES

ULTRASOUND FOR NON-SPINAL INJECTIONS

- Attain the ability to understand ultrasound interpretation and appropriate needle placement in non-spinal regions.
- To integrate multiple aspects of interventional pain management in treating your patients so that patients have better outcomes and reduced side effects.
- Provide high-quality, competent, safe, accessible, and cost-efficient services to your patients.
- Describe the delivery of multiple aspects of interventional pain management.
- Improve existing skills and/or develop new skills in the delivery of interventional techniques involving ultrasound for non-spinal injections.
- Demonstrate skills through interactive review of images.

CADAVER WORKSHOP

- To integrate multiple aspects of interventional pain management in treating your patients so that patients have better outcomes and reduced side effects.
- Provide high-quality, competent, safe, accessible, and cost-efficient services to your patients.
- Describe the delivery of multiple aspects of interventional pain management.
- Improve existing skills and/or develop new skills in the delivery of interventional techniques.
- Review multiple areas of interventional pain management including fluoroscopic interpretation and radiation safety.
- Demonstrate skills through interactive review of images.

PURPOSE AND TARGET AUDIENCE

ULTRASOUND FOR NON-SPINAL INJECTIONS

This one day, comprehensive review course and hands-on workshop in Ultrasound for Non-spinal Injections is designed to provide interventional pain physicians with the ability to understand fluoroscopic interpretation and appropriate needle placement. This one day course is an essential component for interventional pain physicians

and provides education opportunities to assist you in providing high-quality, competent, safe, accessible, and cost-efficient services to your patients.

CADAVER WORKSHOP

During this 1½ day meeting, interventional pain physicians can improve existing skills and/or learn new skills and techniques. The comprehensive cadaver workshop is also planned to provide necessary CME credits and/or as an in-depth review of interventional techniques. Participants will experience a comprehensive and intense learning opportunity focusing either on basic, intermediate or ABIPP Examination preparation. Included are online lectures to aid in the understanding of and delivery of specific interventional techniques.

- Each cadaver station is limited to a maximum of 7 participants.
- Participants can choose the level of participation: basic, intermediate, or ABIPP Preparation
- C-arms and state-of-the-art equipment are utilized in this course. Participants are requested to dress in casual attire or scrubs. Lead aprons and thyroid shields will be provided. However, participants are advised to bring their own protective eyewear.
- Participants will be provided with 7 video lectures relevant to the course material

OUTCOME

Physicians should be able to integrate multiple aspects of ultrasound and fluoroscopy in interventional pain management in treating their patients so that patients have better outcomes.

ACCREDITATION STATEMENT

This CME activity has been planned and implemented in accordance with the Essential Areas and Policies of the Accreditation Council for Continuing Medical Education through the joint providership of The Institute for Medical Studies and the American Society of Interventional Pain Physicians. The Institute for Medical Studies is accredited by the ACCME to provide continuing medical education for physicians.

CATEGORY I CREDIT

The Institute for Medical Studies designates the ULTRASOUND FOR NON-SPINAL INJECTIONS live activity for a maximum of up to 7 AMA PRA Category 1 Credits™ and the CADAVER WORKSHOP live activity for a maximum of up to 19.75 AMA PRA Category 1 Credits™. Physicians should only claim credit commensurate with the extent of their participation in the activity.

AMERICANS WITH DISABILITIES ACT & SPECIAL SERVICES

Organizers fully comply with the legal requirements of the Americans with Disabilities Act and the rules and regulations thereof. If any participant in this educational activity is in need of accommodations, please contact the organizers at (270) 554-9412 at least 10 days prior to the conference.

ULTRASOUND FOR NON-SPINAL PAIN INJECTIONS

FRIDAY FEBRUARY 27, 2015

7:00am–8:00am	BREAKFAST AND REGISTRATION	
8:00am–8:30am	Introduction and Ultrasound Basics	Kenneth Candido, MD
8:30am–8:45am	Diagnostic Ultrasound of the Shoulder and Rotator Cuff	Kenneth Candido, MD
8:45am–9:00am	Diagnostic Ultrasound of the Elbow, Wrist, and Surrounding Bursae	Kent Remely, MD
9:00am–9:15am	Diagnostic Ultrasound of the Hip Joint and Piriformis	Andres Betts, MD
9:15am–9:30am	Knee, Ankle, and Surrounding Bursae	Sheri Albers, DO
9:30am–9:45am	Interscalene and Stellate Ganglion Nerve Blocks	Kenneth Candido, MD
9:45am–10:00am	Lumbar Plexus and Nerve Blocks	Sheldon Jordan, MD
10:00am–10:30am	BREAK	
10:30am –12:15pm	HANDS-ON NON-SPINAL ULTRASOUND ROTATIONS	
12:15pm–1:15pm	LUNCH	
1:15pm –3:00pm	HANDS-ON NON-SPINAL ULTRASOUND ROTATIONS	
3:00pm–3:30pm	BREAK	
3:30pm–5:15pm	HANDS-ON NON-SPINAL ULTRASOUND ROTATIONS	

NON-SPINAL ULTRASOUND TOPICS

■ Needle Placement	■ Hip Joint and Piriformis	■ Brachial Plexus and Nerve Blocks
■ Shoulder and Rotator Cuff	■ Knee, Ankle, and Surrounding Bursae	■ Interscalene Nerve Blocks
■ Elbow, Wrist, and Surrounding Bursae	■ Lumbar Plexus and Nerve Blocks	■ Stellate Ganglion Nerve Blocks

THERE IS NO COMMERCIAL SUPPORT FOR THIS COURSE. NO DUPLICATION OR DISTRIBUTION OF MATERIALS, OR RECORDING OF LECTURES ASSOCIATED.

HANDS-ON CADAVER WORKSHOP SATURDAY, **FEBRUARY 28, 2015**

6:45am	SHUTTLES DEPART FROM HOTEL TO THE CADAVER FACILITY	
7:00am–8:00am	REGISTRATION AND BREAKFAST	
8:00am–8:30am	Introduction	Laxmaiah Manchikanti, MD
8:30am–9:30am	Imaging for Interventionalists – Fluoroscopy, Radiation Safety, and Needle Placement	Arthur Watanabe, MD
9:30am –12:00pm	HANDS-ON CADAVER WORKSHOP	
12:00pm–1:00pm	LUNCH	
1:00pm –5:30pm	HANDS-ON CADAVER WORKSHOP	
5:30pm	SHUTTLES DEPART FROM CADAVER FACILITY TO THE HOTEL	

HANDS-ON CADAVER WORKSHOP SUNDAY, **MARCH 1, 2015**

6:45am	SHUTTLES DEPART FROM HOTEL TO THE CADAVER FACILITY	
7:00am – 7:30am	REGISTRATION AND BREAKFAST	
7:30am – 8:30am	Anti-Coagulatnt Therapy and Infection Control	Laxmaiah Manchikanti, MD
8:30am – 11:45am	HANDS-ON CADAVER WORKSHOP	
11:45am	SHUTTLES DEPART FROM CADAVER FACILITY TO THE HOTEL & TO THE AIRPORT	

THERE IS NO COMMERCIAL SUPPORT FOR THIS COURSE. NO DUPLICATION OR DISTRIBUTION OF MATERIALS, OR RECORDING OF LECTURES ASSOCIATED.

CADAVER LAB COURSE LEVELS

BASIC	INTERMEDIATE	ADVANCED (ABIPP PREPARATION)
1. Sacroiliac joint interventions 2. Lumbar interlaminar epidural injections 3. Lumbar transforaminal epidural injections 4. Lumbar facet joint nerve blocks 5. Lumbar facet radiofrequency neurotomy 6. Caudal epidural injections	1. Cervical and thoracic interlaminar epidurals 2. Cervical facet joint interventions (medial branch blocks, and radiofrequency neurotomy) 3. Thoracic facet interventions (medial branch blocks, and radiofrequency neurotomy) 4. Lumbar discography and adhesiolysis 5. Lumbar sympathetic blocks and hypogastric plexus blocks 6. Lumbar facet joint nerve blocks and radiofrequency neurotomy	1. Cervical facet joint interventions (medial branch blocks and radiofrequency neurotomy) and cervical interlaminar epidural injections 2. Thoracic facet joint interventions (medial branch blocks and radiofrequency neurotomy), intercostal nerve blocks, and thoracic interlaminar epidural injections 3. Lumbar facet joint interventions (facet joint nerve blocks, and radiofrequency neurotomy) and sacroiliac joint injections 4. Caudal epidural, interlaminar epidural, transforaminal, and percutaneous adhesiolysis 5. Spinal cord stimulation lead placement and lumbar discography 6. Sympathetic blockade (stellate ganglion, lumbar sympathetic blocks and celiac plexus blocks)

ACCOMMODATIONS

THE VENETIAN RESORT HOTEL CASINO
3355 Las Vegas Blvd. South, Las Vegas, NV 89109
Hotel: 702.414.1000 | Reservations: 866.659.9643
<http://www.venetian.com>

Combining unrivaled travel and logistical convenience, award-winning service, vast, flexible meeting space, eco-friendly LEED certifications and universal appeal for guests, and you start to understand why this is Las Vegas’ preferred meetings venue. Our experienced staff takes great pride in meeting and exceeding your expectations. **Inform the agent that you are booking for American Society of Interventional Pain Physicians. We have secured a group rate of \$159. Register early, as all unbooked rooms will be released on February 5, 2015 or until sold out, whichever occurs first.**

CADAVER WORKSHOP VENUE

OQUENDO CENTER
2425 E. Oquendo Road, Las Vegas, NV 89120
Phone: 702.739.6698 | Toll Free: 866.800.7326
<http://www.oquendocenter.org>

The clinical capabilities and astounding amenities of the Oquendo Center make it an incomparable event solution. Even with 66,000 square feet to work with, our attention to detail is staggering. It starts with our capacity for up to 30 fully-equipped clinical lab stations, allowing for more simultaneous, hands-on learning. This means more opportunity to practice and perfect each new skill.

REGISTRATION

REGISTRATION INFORMATION

IMPORTANT. PLEASE ANSWER ALL THE QUESTIONS:

Primary Specialty Certification:

- ☐ Anesthesiology ☐ Physiatry
☐ Neurosurgery ☐ Other: _____

Pain Medicine Subspecialty Certification:

- ☐ ABMS Pain Medicine (Anesthesiology, PMR, Neurology, Psychiatry, Emergency Medicine)
☐ American Board of Pain Medicine
☐ American Board of Interventional Pain Physicians
☐ Fellow of Interventional Pain Practice (FIPP)

Percentage of Interventional Pain Management Practice:

- ☐ 0% ☐ 1-25% ☐ 26-50% ☐ 51-75% ☐ > 75%

Years in Interventional Pain Management practice:

- ☐ 0 ☐ 1-5 ☐ 6-10 ☐ > 10

Please select one of the following:

- ☐ Basic
☐ Intermediate
☐ ABIPP Preparation

Total number of procedures performed during past year:

	LOCATION		
	ASC	HOPD	Office
