FROM THE CONFERENCE CO-CHAIRS

On behalf of the Board of the American Society of Interventional Pain Physicians (ASIPP®), it is our privilege and pleasure to invite you to attend this comprehensive Regenerative Medicine Review Course. The course will run June 16-17, 2017 in Orlando, Florida at the Rosen Centre and the University of Central Florida.

It meets the continuing needs of interventionalists, based on input and needs assessment over the years and are cutting edge educational programs. It entails one day of didactic courses and 1 day of hands-on workshop covering various aspects of regenerative medicine.

This unique course is designed to prepare physicians for the ABIPP Competency Examination.

TARGET AUDIENCE/PURPOSE

This regenerative medicine review course is targeted to interventional pain physicians seeking ABIPP certification, CME credit hours and introduction or review of proven interventional techniques, as well as skills improvement.

OBJECTIVES

- Attain understanding of regenerative medicine.
- Attain eligibility for ABIPP competency certification.
- Incorporate regenerative medicine in treating your patients so that patients have better outcomes and reduced side effects.
- Provide high-quality, competent, safe, accessible, and cost-efficient services to your patients.

ACCREDITATION STATEMENT

These CME activities have been planned and implemented in accordance with the Essential Areas and Policies of the Accreditation Council for Continuing Medical Education through the joint providership of The Institute for Medical Studies and the American Society of Interventional Pain Physicians.
