## DESCRIPTION

Choose to attend one or both of ASIPP's September meetings. You can attend the one day Ultrasound For Regenerative Medicine Workshop or the 1½ day Hands-On Cadaver Workshop for IPM Techniques course. Participants will experience a comprehensive and intense learning opportunity, focusing on interventional pain management techniques in both courses.

## TARGET AUDIENCE/PURPOSE

These comprehensive review courses in interventional techniques are targeted to interventional pain physicians seeking CME credit hours and introduction or review of proven interventional techniques, as well as skills improvement and/or to fulfill state board requirements for CME hours in fluoroscopic interpretation and radiation safety.

## OBJECTIVES

### ULTRASOUND FOR REGENERATIVE MEDICINE WORKSHOP

- Attain the ability to understand ultrasound interpretation and regenerative medicine.
- To incorporate ultrasound and regenerative medicine in treating your patients so that patients have better outcomes and reduced side effects.
- Improve existing skills and/or develop new skills in the delivery of interventional techniques involving ultrasound and regenerative medicine.
- Ability to demonstrate skills.

### HANDS-ON CADAVER WORKSHOP FOR IPM TECHNIQUES

- To integrate multiple aspects of interventional pain management in treating your patients so that patients have better outcomes and reduced side effects.
- Provide high-quality, competent, safe, accessible, and cost-efficient services to your patients.
- Improve existing skills and/or develop new skills in the delivery of interventional techniques.
- Review multiple areas of interventional pain management including fluoroscopic interpretation and radiation safety.
- Demonstrate skills through interactive review of images.

## PURPOSE AND TARGET AUDIENCE

### ULTRASOUND FOR REGENERATIVE MEDICINE WORKSHOP

This one day, comprehensive review course and hands-on workshop in Ultrasound for Regenerative Medicine is designed to provide interventional pain physicians with the ability to understand fluoroscopic interpretation and regenerative medicine. This one day course is an essential component for interventional pain physicians and provides education opportunities to assist you in providing high-quality, competent, safe, accessible, and cost-efficient services to your patients.

## HANDS-ON CADAVER WORKSHOP FOR IPM TECHNIQUES

During this 1½ day meeting, interventional pain physicians can improve existing skills and/or learn new skills and techniques. The comprehensive cadaver workshop is also planned to provide necessary CME credits and/or as an in-depth review of interventional techniques. Participants will experience a comprehensive and intense learning opportunity focusing either on basic, intermediate or ABIPP Examination preparation. Included are online lectures to aid in the understanding of and delivery of specific interventional techniques.

- Each cadaver station is limited to a maximum of 7 participants.
- Participants can choose the level of participation: basic, intermediate, or ABIPP Preparation
- C-arms and state-of-the-art equipment are utilized in this course. Participants are requested to dress in casual attire or scrubs. Lead aprons and thyroid shields will be provided. However, participants are advised to bring their own protective eyewear.
- Participants will be provided with 7 video lectures relevant to the course material.

## ACCREDITATION STATEMENT

These CME activities have been planned and implemented in accordance with the Essential Areas and Policies of the Accreditation Council for Continuing Medical Education through the joint providership of The Institute for Medical Studies and the American Society of Interventional Pain Physicians. The Institute for Medical Studies is accredited by the ACCME to provide continuing medical education for physicians. As a part of the course, participants will be provided with 7 video lectures designed to add to their learning experience.

## CATEGORY I CREDIT

The Institute for Medical Studies designates the Ultrasound For Regenerative Medicine Workshop live activity for a maximum of up to *8.5 AMA PRA Category 1 Credits™* and the Hands-on Cadaver Workshop for IPM Techniques live activity for a maximum of up to *19 AMA PRA Category 1 Credits™*. Physicians should only claim credit commensurate with the extent of their participation in the activity.

## AMERICANS WITH DISABILITIES ACT & SPECIAL SERVICES

Organizers fully comply with the legal requirements of the Americans with Disabilities Act and the rules and regulations thereof. If any participant in these educational activities is in need of accommodations, please contact the organizers at (270) 554-9412 at least 10 days prior to each conference.
