FROM THE CHAIRMAN OF THE BOARD AND CEO

The American Society of Interventional Pain Physicians (ASIPP®) is pleased to bring you a comprehensive review course on spinal cord stimulation. We invite you to attend this unique didactic and hands-on cadaver workshop October 21-22, 2016 in Orlando, Florida.

We have created a state-of-the-art educational program featuring didactics covering key aspects of intermediate and advanced spinal cord stimulation followed by a comprehensive hands-on cadaver workshop utilizing the newest SCS technology.

You will be exposed to techniques that are rarely taught at other courses. This in-depth review course and comprehensive spinal cord stimulation cadaver workshop will cover all the important aspects of these techniques and provide a comprehensive overview of the subject, with extensive case discussions, and interaction with renowned and expert faculty.

It is planned as a CME activity to prepare physicians seeking credentialing and as an excellent introduction to emerging technology in spinal cord stimulation. During this 2-day event, you can not only improve existing skill but also learn new skills.

We are confident that you will find this comprehensive review course and hands-on cadaver workshop to be beneficial, as it is essential to learn new and relevant information to survive in today's medical environment.

We hope you will make plans to attend. The seminar will be conducted at the Caribe Royale and the University of Central Florida, College of Medicine. Make your plans early to attend. We look forward to seeing you in Orlando. If you have any questions, please feel free to contact me at 81 Lakeview Drive, Paducah, KY 42001, phone: 270-554-9412 or e-mail: drm@asipp.org

Thank you,

Laxmaiah Manchikanti, MD

Chairman of the Board and Chief Executive Officer, ASIPP®

Ramsin M. Benyamin, MD
Past President, ASIPP®

DESCRIPTION

This 2-day comprehensive review course and hands-on cadaver workshop will describe and demonstrate the techniques of spinal cord stimulation. The desired outcome is for physicians to integrate various aspects of the interventional pain management techniques of spinal cord stimulation into the treatment of patients in order to provide better outcomes and reduced side effects for patients.

The cadaver workshop includes a hands-on learning experience in the interventional techniques used for spinal cord stimulation through the utilization of cadavers. Participants will experience a comprehensive and thorough learning opportunity, focusing on the evolution of spinal cord stimulation.

This program is designed for interventional pain physicians as a review, skills improvement, or to assist in obtaining credentials. It is the most in-depth, comprehensive, and individualized program available for spinal cord stimulation in the United States, featuring maximum hands-on training with cadavers in a state-of-the-art facility and maximum ability to interact with other participants with pre and post-didactic courses.

C-arms and state-of-the-art equipment are utilized in this course. Participants are requested to dress in casual attire or scrubs. Lead aprons and thyroid shields will be provided, however, participants are advised to bring their own protective eyewear.

Lab Stations:

1. Thoracic placement, traditional
2. Cervical placement
3. IPG implantation and tunneling
4. Retrograde lead placement
5. Wireless

OBJECTIVES

Describe the delivery of multiple aspects of spinal cord stimulation and demonstrate improved skill levels. Outcome: integration of multiple aspects of spinal cord stimulation in treating patients for better outcomes and reduced side effects.

TARGET AUDIENCE/PURPOSE

The ASIPP Spinal Cord Stimulation Review Course and Hands-on Cadaver Workshop is designed for interventional pain physicians. The seminar is planned as a CME activity as an in-depth review of interventional techniques. This review course will be based on the specifications of the cadaver workshop. The cadaver workshop is offered to improve the delivery of multiple aspects of interventional pain management. The desired outcome is to integrate multiple aspects of spinal cord stimulation in treating your patients so that patients have better outcomes and reduced side effects.

AMERICANS WITH DISABILITIES ACT AND SPECIAL SERVICES

Organizers fully comply with the legal requirements of the Americans with Disabilities Act and the rules and regulations thereof. If any participant in this educational activity is in need of accommodations, please contact the organizers at (270) 554-9412 at least 10 days prior to the conference.

ACCREDITATION STATEMENT

This activity has been planned and implemented in accordance with the accreditation requirements and policies of the Accreditation Council for Continuing Medical Education (ACCME) through the joint providership of The Institute for Medical Studies and the American Society of Interventional Pain Physicians (ASIPP®). The Institute for Medical Studies is accredited by the ACCME to provide continuing medical education for physicians.

ASIPP® is now an ABA Registered CME Provider.

CATEGORY I CREDIT

The Institute for Medical Studies designates this live activity for a maximum of 14.75 AMA PRA Category 1 Credits™ for the Spinal Cord Stimulation Comprehensive Review Course and Cadaver Workshop. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Physicians of Osteopathic Medicine — the American Osteopathic Association (AOA) accepts AMA PRA Category 1 Credits™ as AOA Category 2-B credit.

AMERICANS WITH DISABILITIES ACT AND SPECIAL SERVICES

Organizers fully comply with the legal requirements of the Americans with Disabilities Act and the rules and regulations thereof. If any participant in this educational activity is in need of accommodations, please contact the organizers at (270) 554-9412 at least 10 days prior to the conference.

Duplication or distribution of materials or recording of lectures without express written permission from ASIPP® is prohibited. There is NO commercial support for this course.

ACCOMMODATIONS
