

2022 ASIPP® ANNUAL MEETING ABSTRACTS & POSTER PRESENTATIONS GUIDELINES

1. Poster Proposals and all accompanying materials must be electronically submitted no later than March 1.
2. We consider the Poster Presentations to be an educational activity, and therefore must avoid commercialism and be free of bias. All sources of support must be acknowledged on the Poster.
3. Generic names should be used versus brand names when possible. Also, the use of words such as novel, unique, robust, and excellent is thought to be promotional, and must be substantiated by proper references or p-values. When possible, use pharmacologic agent, medication, therapy, or a similar term, instead of drug.
4. No encore presentations from other conferences occurring before May 2022 will be accepted unless new data is being presented. All disclaimers regarding publishing or submitting for publication must be disclosed.
5. Poster Proposals will be reviewed and selected by members of the Poster Committee. Those selected will be notified at least one month prior to the May 5-7, 2022 meeting.
6. All who submit an abstract will be required to provide an electronic poster for display at the annual meeting. All will be responsible for all personal expenses (travel, hotel, etc.). ASIPP will only pay for the conference registration for the TOP 10 presenters. Presenters must be registered and present for the Meeting on the days Posters will be on display.
7. A non-refundable \$50 submission fee will be required for submissions, and will be collected with the online abstract submission form.
8. Posters will be on display electronically during the meeting Thursday, May 5 through Saturday, May 7. Presenters are asked to be available during breaks and the final 10 minutes of lunchtime for questions during these three days.
9. The **Top 3** present during the general session on the final day. The **Top 10** will present during the abstract breakout session. Rapid review and publication in the Pain Physician journal will be extended to the **Top 10** authors accepted for meeting presentations.
10. ASIPP must have mobile phone numbers for the presenter and primary contact for urgent communication at the venue during the meeting. Mobile numbers will be kept confidential.
